FIVE-YEAR SUBJECT INDEX, 1996–2000

Agents

Analyzing Agents for Electronic Commerce. Wang, Shouhong. Winter 1999, 40–47.

Application Analysis

Analyzing Agents for Electronic Commerce. Wang, Shouhong. Winter 1999, 40–47.

Legacy Asset Management. Slee, Christopher, and Slovin, Malcolm. Winter 1997, 12–21.

Applications Development

Achieving Reuse with OO Technology. Sánchez, Nancy G., and Choobineh, Joobin. Spring 1997, 48–55.

Automatic Speech Recognition. Fried, Louis. Winter 1996, 29–37.

Client/Server Performance Engineering. Rabin, Steven. Fall 1996, 25–32.

Issues in Foreign Outsourcing. Ramarapu, Narender; Parzinger, Monica J.; and Lado, Augustine A. Spring 1997, 27–31.

Application Service Providers

Application Service Providers. Dewire, Dawna Travis. Fall 2000, 14–19.

Applications Software

Application Service Providers. Dewire, Dawna Travis. Fall 2000, 14–19.

Creating a Balanced IS Measurement. Program. Edberg, Dana T. Spring 1997, 32–40.

Creating an Environment for Project Success. Robert, Daniel W. Winter 1997, 73–77.

Decision Processing for Improved Customer Focus. Legare, Thomas L. Fall 1997, 48–56.

Integrating into the Global Client/Server Network. Muller, Nathan J. Fall 1996, 66–68.

Issues in Foreign Outsourcing. Ramarapu, Narender; Parzinger, Monica J.; and Lado, Augustine A. Spring 1997, 27–31.

Managing the Decentralized IT Organization. Birge, Eileen M. Summer 1997, 77–81.

Software and Sanity. Rostaing, Bjarne. Winter 1996, 79–81.

Systems Development: A Dying Discipline? Glass, Robert L. Winter 1997, 78–81.

Using Groupware in Quality Management Programs. Kock, Nereu F. Jr., and McQueen, Robert J. Spring 1997, 56–62.

Using JAD for Strategic Initiatives. Kettelhut, Michael C. Summer 1997, 29–36.

Using Metrics for Outsourcing Oversight. Rubin, Howard A. Spring 1997, 7–14.

Architecture

Choosing a Client/Server Architecture. Gallaugher, John M., and Ramanathan, Suresh C. Spring 1996, 7–13.

Critical Issues Affecting an ERP Implementation. Bingi P., Sharma M. K., and Godla, J. K. Summer 1999, 7–14.

Decision Processing for Improved Customer Focus. Legare, Thomas L. Fall 1997, 48–56.

Enterprise Client/Server Computing. Jeffrey, Brian. Fall 1996, 7–18.

Enterprise Client/Server Planning. Miller, Diane M. Spring 1997, 41–47.

Establishing an IT Architecture Strategy. Hay, Gordon, and Muñoz, Rick. Summer 1997, 67–69.

Information Infrastructure Management: A New Role for IS Managers. Tan, Djoen S., and Uijttenbroek, Aad A. Fall 1997, 33–41.

Integrating Core IT Process: A Case Study. Purvis, Russell L. and McCray, Gordon E. Summer 1999, 36–46.

The Knowledge Repository: Organizational Memory Information Systems. Hackbarth, Gary and Grover, Varun. Summer 1999, 21–30.

Network Architectures and Performance. Sharp, Duane, E. Spring 1998, 7–12.

Rightsizing for Client/Server Success. Hager, Pam. Winter 1996, 44–51.

Toward the New Age Data Warehouse. Prince, E. Ted. Fall 1996, 63–65.

Artificial Intelligence

Analyzing Agents for Electronic Commerce. Wang, Wang. Winter 1999, 40–47.

Case Discovery in Case-Based Reasoning Systems. Owrang O., Medhi M. Winter 1998, 74–78.

Book Reviews

Beyond 2000. Gray, Paul. Summer 1997, 87–91.

Big Books. Gray, Paul. Winter 1996, 82–85.

Bundles from Britain. Gray, Paul. Spring 1999, 80–84.

Commerce by Any Other Name. Gray, Paul. Winter

FIVE-YEAR SUBJECT INDEX, 1996–2000

Agents

Analyzing Agents for Electronic Commerce. Wang, Shouhong. Winter 1999, 40–47.

Application Analysis

Analyzing Agents for Electronic Commerce. Wang, Shouhong. Winter 1999, 40–47.

Legacy Asset Management. Slee, Christopher, and Slovin, Malcolm. Winter 1997, 12–21.

Applications Development

Achieving Reuse with OO Technology. Sánchez, Nancy G., and Choobineh, Joobin. Spring 1997, 48–55.

Software and Sanity. Rostaing, Bjarne. Winter 1996, 79–81.

Systems Development: A Dying Discipline? Glass, Robert L. Winter 1997, 78–81.

Using Groupware in Quality Management Programs. Kock, Nereu F. Jr., and McQueen, Robert J. Spring 1997, 56–62.

Using JAD for Strategic Initiatives. Kettelhut, Michael C. Summer 1997, 29–36.

Using Metrics for Outsourcing Oversight. Rubin, Howard A. Spring 1997, 7–14.

Architecture

Choosing a Client/Server Architecture. Gallaugher, John M., and Ramanathan, Suresh C. Spring 1996, 7–13.

Critical Issues Affecting an ERP Implementation. Bingi P., Sharma M. K., and Godla, J. K. Summer 1999, 7–14.

Decision Processing for Improved Customer Focus. Legare, Thomas L. Fall 1997, 48–56.

Enterprise Client/Server Computing. Jeffrey, Brian. Fall 1996, 7–18.

Enterprise Client/Server Planning. Miller, Diane M. Spring 1997, 41–47.

Establishing an IT Architecture Strategy. Hay, Gordon, and Muñoz, Rick. Summer 1997, 67–69.

Information Infrastructure Management: A New Role for IS Managers. Tan, Djoen S., and Uijttenbroek, Aad A. Fall 1997, 33–41.

Integrating Core IT Process: A Case Study. Purvis, Russell L. and McCray, Gordon E. Summer 1999, 36–46.

The Knowledge Repository: Organizational Memory Information Systems. Hackbarth, Gary and Grover, Varun. Summer 1999, 21–30.

Network Architectures and Performance. Sharp, Duane, E. Spring 1998, 7–12.

Rightsizing for Client/Server Success. Hager, Pam. Winter 1996, 44–51.

Toward the New Age Data Warehouse. Prince, E. Ted. Fall 1996, 63–65.

Artificial Intelligence

Analyzing Agents for Electronic Commerce. Wang, Wang. Winter 1999, 40–47.

Case Discovery in Case-Based Reasoning Systems. Owrang O., Medhi M. Winter 1998, 74–78.

Book Reviews

Beyond 2000. Gray, Paul. Summer 1997, 87–91.

Big Books. Gray, Paul. Winter 1996, 82–85.

Bundles from Britain. Gray, Paul. Spring 1999, 80–84.

Commerce by Any Other Name. Gray, Paul. Winter

2000, 84–88.
Computing Redux. Gray, Paul. Fall 1996, 69–72.
Double Plays. Gray, Paul. Summer 1998, 86–90.
E-Commerce Overviews and Close-Ups. Gray, Paul. Winter 1999, 84–87.
Economic Visions. Gray, Paul. Fall 1999, 73–76.
Internet '95: The How and Why. Gray, Paul. Summer 1996, 93–96.
IS Productivity. Gray, Paul. Spring 1996, 92–95.
The Leading Edge in IS Management. Gray, Paul. Spring 2000, 87–91.
Mining for Data Warehousing Gems. Gray, Paul. Winter 1997, 82–86.
The State of Software Development. Gray, Paul. Winter 1998, 88–92.
Top 20 and More. Gray, Paul. Fall 1997, 76–79.
Topics Old and New. Gray, Paul. Fall 2000, 62–67.
Viewing the Future. Gray, Paul. Spring 1997. 83–87.

Budgeting

Why Chargebacks Fail. Meyer, N. Dean. Summer 1996, 84–86.

Business Process Reengineering

Aligning Strategies, Process, and IT: A Case Study. Feurer, Rainer; Chaharbaghi Kazem; Weber, Michael; and Wargin, John. Winter 2000, 23–34.
The IT Imperative in Business Transformation. Murray, Richard J., and Trefts, Dorothy E., Winter 2000, 17–22.
Organizational Pitfalls of Reengineering. Cardarelli, D.P.; Agarwal, Ritu; and Tanniru, Mohan. Spring 1998, 34–39.
Organizational Transformation. King, William R. Spring 1997. 63–65.
Reinventing Through Reengineering. Mische, Michael A., and Bennis, Warren. Summer 1996, 58–65.
Survey of Reengineering Challenges. Grover, Varun; Ryul, Seung; and Teng, James T. C. Spring 1998, 53–59.
Synergy Between Business Process and Systems Reengineering. Aiken, Peter and Hodgson. Fall 1998, 55–67.
A Systemic Approach to Change Management. Pollalis, Yannis A. Spring 1996, 19–25.
Transforming An Organization Through Prototyping. Hume, S., DeVane, T., and Smith Slater, J. Fall 1999, 49–59

Career Development

Assessing Career Goals and Skills. Prager, Kenneth P. Spring 1998, 73–82.
At the Crossroads of Technology and Management. Stokes, Stewart L. Spring 1999, 7–11.
Competency-Based Succession Planning. Nardoni, Ren. Fall 1997, 60–62.
Coping with Change at the Top. Stokes, Stewart L., Jr. Winter 1996, 76–78.
Developing a Personal Business Plan. Stokes, Stewart L., Spring 1997, 70–73.
The Ethics of Telework. Guthrie, Ruth. Fall 1997, 29–32.
Improving Communication with Nontechnicians. Stettner, Morey. Fall 1997, 70–72.
A Line in the Sand. Stokes, Stewart L., Jr. Spring 1996, 83–85.
Managing End-User Challenges. Shore, Barry. Winter 1998, 79–83.
Partnering Roles of the IS Executive. Brown, Carol V., McLean, Ephraim R., and Straub, Detmar W. Spring 1996, 14–18.
Status Report on Women and Men in the IT Workplace. Igbaria, Magid; Parasuraman, Saroj; and Greenhaus, Jeffrey H. Summer 1997, 44–53.
Systems Development: A Dying Discipline? Glass, Robert L. Winter 1997, 78–81.
Survival Skills for the IS Professional. Longenecker, Clinton O., Simonetti, Jack L., and Mulias, Mark. Spring 1996, 26–31.
The Telecommuting Paradox. Westfall, Ralph D. Fall 1997, 15–20.

Case-Based Reasoning

Case Discovery in Case-Based Reasoning Systems. Owrang O., Medhi M. Winter 1998, 74–78.

Case Studies

Aligning Strategies, Process, and IT: A Case Study. Feurer, Rainer; Chaharbaghi Kazem; Weber, Michael; and Wargin, John. Winter 2000, 23–34.
Assimilating New Technologies: The Role of Organizational Culture. Hoffman, Norman and Klepper, Robert. Summer 2000, 36–42.
Enhancing Manufacturing Performance with ERP Systems. Palaniswamy, Rajagopal and Frank, Tyler. Summer 2000, 43–55.
Structuring the Interaction Between IT and Business Units. Gordon, Judith R. and Gordon, Steven R. Winter 2000, 7–16.

Centers of Excellence

Centers of Excellence: Empowering People to Manage Change. Lyle, Steven, W., and Zawacki, Robert A. Winter 1997, 26–29.

Change Management

Achieving Quality Outsourcing. Perry, William, and Devinney, Steve. Spring 1997, 23–26.
A Balanced Approach to IT Transformation. Applegate, Paul D., and Zawacki, Robert A. Summer 1997, 16–22.
Centers of Excellence: Empowering People to Manage Change. Lyle, Steven, W., and Zawacki, Robert A. Winter 1997, 26–29.
Coping with Change at the Top. Stokes, Stewart L., Jr. Winter 1996, 76–78.
IT Education Success Strategies for Change Management. Ball, Leslie D. Fall 2000, 74–77.
Legacy Asset Management. Slee, Christopher, and Slovin, Malcolm. Winter 1997, 12–21.
Managing the Decentralized IT Organization. Birge, Eileen M. Summer 1997, 77–81.
Managing for Flexibility. Prager, Kenneth P. Fall 1996, 41–46.
Managing the Three Levels of Change. O'Hara M., Watson, R., and Kavan, C. B. Summer 1999, 63–70.
Organizational Transformation. King, William R. Spring 1997. 63–65.
Overcoming Cultural Barriers to the Adoption of Object Technology. Allard, Mark. Summer 1998, 82–85.
Reinventing Through Reengineering. Mische, Michael A., and Bennis, Warren. Summer 1996, 58–65.
Survey of Reengineering Challenges. Grover, Varun;

Ryul, Seung; and Teng, James T. C. Spring 1998, 53–59.
A Systemic Approach to Change Management. Pollalis, Yannis A. Spring 1996, 19–25.
Transforming An Organization Through Prototyping. Hume, S., DeVane, T., and Smith Slater, J. Fall 1999, 49–59
Using JAD for Strategic Initiatives. Kettelhut, Michael C. Summer 1997, 29–36.

Chargeback Systems
Restructuring Internal Services: Perspectives from the Energy Utility Industry. Piede, Duane L. Winter 1996, 12–17.
Why Chargebacks Fail. Meyer, N. Dean. Summer 1996, 84–86.

Client/Server Computing
Building a Large Expert System. Grupe, Fritz H. Fall 1996, 33–40.
Choosing a Client/Server Architecture. Gallaugher, John M., and Ramanathan, Suresh C. Spring 1996, 7–13.
Client/Server Performance Engineering. Rabin, Steven. Fall 1996, 25–32.
Designing and Managing Client/Server DBMSs. Rajkumar, T.M., and Dawley, Donald L. Spring 1996, 49–57.
Enterprise Client/Server Computing. Jeffrey, Brian. Fall 1996, 7–18.
Enterprise Client/Server Planning. Miller, Diane M. Spring 1997, 41–47.
Integrating into the Global Client/Server Network. Muller, Nathan J. Fall 1996, 66–68.
Outsourcing in Client/Server Environments. Gerston, Joel. Spring 1997, 74–77.
Retooling for Client/Server Applications. Rouse, Robert A. Fall 1996, 19–24.
Rightsizing for Client/Server Success. Hager, Pam. Winter 1996, 44–51.
Total Quality Management: A GDSS Approach. Aiken, Milam, Hasan, Bassam, and Vanjani, Mahesh. Winter 1996, 73–75.
User-Centered Design for Productive Systems. Kubie, James J., Melkus, L.A., Johnson, R.C., Jr., and Flanagan, G.A. Spring 1996, 38–48.
Resurrecting IS Talent. McKee, David. Summer 1996, 87–89.

Communications Management
Competitive Implications of the Internet. Guthrie, Ruth A., and Austin, Lenard D. Summer 1996, 90–92.
Converging on the Customer. Ryan, Hugh W. Summer 1996, 81–83.
A Framework for Web Marketing Strategies. Nour, Mohamed A., and Fadlalla, Adam. Spring 2000, 41–50.
The Global Information Infrastructure. Gray, Paul. Summer 1996, 7–14.
Integrating into the Global Client/Server Network. Muller, Nathan J. Fall 1996, 66–68.
Junk Computing. Guthrie, Ruth, and Gray, Paul. Winter 1996, 23–28.
A Look at the Telecommunications Act of 1996. Whitman, Michael E. Summer 1997, 82–86.
Telework: Enabling Distributed Organizations. Nilles, Jack M. Fall 1997, 7–14.

Competitive Advantage
Achieving Global Strategic Advantage. King, William R. Fall 1996, 57–59.
Competitive Implications of the Internet. Guthrie, Ruth A., and Austin, Lenard D. Summer 1996, 90–92.
Decision Processing for Improved Customer Focus. Legare, Thomas L. Fall 1997, 48–56.
Forecasting Market Trends with Neural NetworkBsat, Mohammad. Fall 1999, 42–48.
The Internet as a Global Strategic IS Tool. Prakash, Amarnath. Summer 1996, 45–49.
Leveraging Web-Based Information Systems. Dunn, Jacquelin R. and Varano, Michael W. Fall 1999, 60–69.
Managing for Flexibility. Prager, Kenneth P. Fall 1996, 41–46.
Partnering on Extranets for Strategic Advantage. Chan, Steven, and Davis, Tim R.V., Winter 2000, 58–64.
Rethinking Strategic Information Systems. Maier, J. Lee. Fall 1997, 42–47.
Strategic Implications of Electronic Linkages. Young, D. Carr, H. H., and Rainer R. K., Jr. Winter 1999, 32–39.

Components
The Economics of Component-Based Development. Dué, Richard T. Winter 2000, 92–95.

Computer-Aided Software Engineering
Using CASE Tools in Strategic IS Planning. Lederer, Albert L., and Mahaney, Robert C. Fall 1996, 47–51.

Computer Crime
Planning for Internet Security. Garfield, Monica J., and McKeown, Patrick G. Winter 1997, 41–46.

Computers in Manufacturing
Barriers to Effective CIM Implementation. Attaran, Mohsen. Fall 1996, 52–56.
Using Groupware in Quality Management Programs. Kock, Nereu F. Jr., and McQueen, Robert J. Spring 1997, 56–62.

Computing for the Disabled
Automatic Speech Recognition: An Emerging Interface for Multimedia Applications. Fried, Louis. Winter 1996, 29–37.
Developing Electronic Commerce Web Sites for the Visually Impaired. Rogers, Mark and Rajkumar, T.M. Winter 1999, 15–25.

Consultants
Building an IS Consulting Business. Leto, Anita B. and Roberts, Daniel D. Summer 1998, 73–77.
Designing and Managing Client/Server DBMSs. Rajkumar, T.M., and Dawley, Donald L. Spring 1996, 49–57.
Software and Sanity. Rostaing, Bjarne. Winter 1996, 79–81.

Continuous Process Improvement
Organizational Transformation. King, William R. Spring 1997, 63–65.

Contracts
Outsourcing Basics. Jones, Wendell. Winter 1997,

66–69.
Outsourcing the Help Desk Function. Grupe, Fritz H. Spring 1997, 15–22.
An Outsourcing Parable. Tayntor, Christine B. Spring 1997, 66–69.

Corporate Issues
Achieving Global Strategic Advantage. King, William R. Fall 1996, 57–59.
A Business Case for Enhancing Supply Chains in the Metals Industry. Held, Paul and Kelton, Karl. Fall 1998, 72–76.
Capitalizing on Electronic Markets. Senn, James A. Summer 1996, 15–24.
Competitive Implications of the Internet. Guthrie, Ruth A., and Austin, Lenard D. Summer 1996, 90–92.
Coping with Change at the Top. Stokes, Stewart L., Jr. Winter 1996, 76–78.
Corporate Hiring Criteria for IS Graduates. Young, Dale, and Lee, Sooun. Winter 1997, 47–53.
A Demand Side Approach to Telecommuting: The Integrated Workplace Strategies Concept. Gray, Paul. Fall 1997, 21–28.
Developing a Global Information Vision. Christmann, Tim. Fall 1998, 46–54.
ERP Packages: What's Next? Li, Conghua. Summer 1999, 31–35.
The Ethics of Telework. Guthrie, Ruth. Fall 1997, 29–32.
Including Soft Information in EISs. Watson, Hugh J., O'Hara, Margaret T., Harp, Candice G., and Kelly, Gigi G. Summer 1996, 66–77.
IS and the Learning Organization. King, William R. Summer 1996, 78–80.
IT Power and the Postemptive Strike. Cyr, David; Gehling, Leah; and Gibson, Michael L. Summer 1997, 7–15.
A Line in the Sand. Stokes, Stewart L., Jr. Spring 1996, 83–85.
Partnering Roles of the IS Executive. Brown, Carol V., McLean, Ephraim R., and Straub, Detmar W. Spring 1996, 14–18.
Preparing for Euro Business Transactions. Sipior, Janice C. and Ward, Burke T. Summer 1999, 47–56.
Repositioning HR Information Systems. Sobkowiak, Roger T., and LeBleu, Ronald E. Winter 1996, 62–64.
Restructuring Internal Services. Piede, Duane L. Winter 1996, 12–17.
Retooling for Client/Server Applications. Rouse, Robert A. Fall 1996, 19–24.
Selecting an EDI Third Party Network. Esichaikul, Vatcharaporn and Chaichotiranant, Chatiya. Winter 1999, 26–31.
Status Report on Women and Men in the IT Workplace. Igbaria, Magid; Parasuraman, Saroj; and Greenhaus, Jeffrey H. Summer 1997, 44–53.
Strategic Implications of Electronic Linkages. Young, D. Carr, H. H., and Rainer R. K., Jr. Winter 1999, 32–39.
Strategic Issues in Groupware. King, William R. Spring 1996, 73–75.
Supply Chain Strategies. Ayers, Jim. Spring 1999, 72–79.
The Telecommuting Paradox. Westfall, Ralph D. Fall 1997, 15–20.
Telecommuting: A Transportation Planner's View. Seaman, Michael J. Fall 1997, 73–75.
When a Business Abandons a Data Mine: A Case Study. Wencer, Ronald A. Fall 1998, 27–35.
Why Chargebacks Fail. Meyer, N. Dean. Summer 1996, 84–86.

Creativity Techniques
Junk Computing. Guthrie, Ruth, and Gray, Paul. Winter 1996, 23–28.

Customer Service
Bringing Decision Support to the Customer Level. Downing, Charles E., and Safizadeh, M. Hossein. Summer 1997, 23–28.
Converging on the Customer. Ryan, Hugh W. Summer 1996, 81–83.
Decision Processing for Improved Customer Focus. Legare, Thomas L. Fall 1997, 48–56.
Developing Mature Internet Strategies. Angehrn, Albert A., and Meyer, Jens F. Summer 1997, 37–43.
Making Customer Service a Priority. Murray, John P. Winter 1996, 7–11.
Measurement Management. Ward, James A. Winter 1996, 59–61.
The Multiple Dimensions of Information Quality. Miller, Holmes. Spring 1996, 79–82.
An Outsourcing Parable. Tayntor, Christine B. Spring 1997, 66–69.
Reengineering through Simulation Modeling: Optimizing a Telephone Ordering System at GPO. Giannini, Paul J., Grupe, Fritz H., and Saholsky, Robert M. Summer 1997, 61–66.
Survival Skills for the IS Professional. Longenecker, Clinton O., Simonetti, Jack L., and Mulias, Mark. Spring 1996, 26–31.
The Value of Information. Dué, Richard T. Winter 1996, 68–72.

Data Administration
Data Warehouse Administration and Management. Benander, Alan; Benander, Barbara; Fadlalla, Adam; and James, Gregory. Winter 2000, 71–80.

Database Development
Database Development Methodology and Organization. Purba, Sanjiv. Winter 1999, 72–77.

Database Management
Database Security for the Web. Maheshwari, Anil. Spring 1999, 85–88.
Data Warehousing: New Name for the Accessibility Challenge. Van den Hoven, John. Winter 1997, 70–72.
Designing and Managing Client/Server DBMSs. Rajkumar, T.M., and Dawley, Donald L. Spring 1996, 49–57.
End-User Access Tools. van den Hoven, John. Spring 1996, 76–78.
Expanding the Help Desk Through the World Wide Web. Muller, Nathan J. Summer 1996, 37–44.
Information Integration in Multidimensional Databases. Lam, Monica and Ching, Russell, K.H. Fall 1998 36–45.
Integrating Distributed Data Bases into the Information Architecture. Krasowski, Michael D. Spring 36–46.
Information Resource Management: Stewards of Data.

Van den Hoven, John. Winter 1999, 88–90.
Key Trends for the New Millennium. Van den Hoven, John. Summer 1999, 88–90.
Key Trends in Database Management Systems—Part 2. Van den Hoven, John. Winter 2000, 89–91.
Redefining Information Management. English, Larry P. Winter 1996, 65–67.
Survey of DBMS Use and Satisfaction. Fadlalla, Adam, and Gorla, Narasimhaiah. Spring 1997, 78–79.
Toward the New Age Data Warehouse. Prince, E. Ted. Fall 1996, 63–65.

Data Base Management Systems.
Data Warehousing: New Name for the Accessibility Challenge. Van den Hoven, John. Winter 1997, 70–72.
Designing and Managing Client/Server DBMSs. Rajkumar, T.M., and Dawley, Donald L. Spring 1996, 49–57.
Survey of DBMS Use and Satisfaction. Fadlalla, Adam, and Gorla, Narasimhaiah. Spring 1997, 78–79.
Toward the New Age Data Warehouse. Prince, E. Ted. Fall 1996, 63–65.

Data Integrity
Legacy for the Long Haul. Ryan, Hugh W. Winter 1997, 60–61.

Data Mining
The Advent of Visual Data Mining on the World Wide Web. Jern, Mikael. Summer 1998, 66–69.
Data Mining: Exploring the Corporate Asset. Weir, Jason. Fall 1998, 68–71.
Data Mining Methods, Applications, and Tools. Chen, Lei-Da; Sakaguchi, Toru; and Frolick, Mark N. Winter 2000, 65–70.
Discovering Knowledge in Corporate Databases. Yoon, Younghoc. Spring 1999, 64–71.
A Manager's Guide To Data Mining. Chou, David C. and Chou, Amy Y. Fall 1999, 33–41.
When a Business Abandons a Data Mine: A Case Study. Wencer, Ronald A. Fall 1998, 27–35.

Data Modeling
An Approach for Establishing Enterprise Data Standards. Purba, Sanjiv. Fall 1998, 14–20.
Making Data Models Readable. Hay, David C. Winter 1998, 21–33.

Data Warehousing
Data Marts: Plan Big, Build Small. van den Hoven, John. Winter 1998, 71–73.
Data Warehousing: Bringing It All Together. Van de Hoven, John. Spring 1998, 92–95.
Data Warehouse Administration and Management. Benander, Alan; Benander, Barbara; Fadlalla, Adam; and James, Gregory. Winter 2000, 71–80.
Data Warehousing: New Name for the Accessibility Challenge. Van den Hoven, John. Winter 1997, 70–72.
A Framework for Developing Enterprise Data Warehouses. Murtaza, Ali. H. Fall 1998, 21–26.
Mining for Data Warehousing Gems. Gray, Paul. Winter 1997, 82–86.
Toward the New Age Data Warehouse. Prince, E. Ted. Fall 1996, 63–65.
Web-Based Data Warehousing: Fundamentals, Challenges, and Solutions. Chen, Lei-da; and Frolick, Mark N. Spring 2000, 80–86.

Decentralized Computing
Managing the Decentralized IT Organization. Birge, Eileen M. Summer 1997, 77–81.

Decision Processing
Decision Processing for Improved Customer Focus. Legare, Thomas L. Fall 1997, 48–56.

Decision Support Systems
Bringing Decision Support to the Customer Level. Downing, Charles E., and Safizadeh, M. Hossein. Summer 1997, 23–28.
Data Warehousing: New Name for the Accessibility Challenge. Van den Hoven, John. Winter 1997, 70–72.
Decision Support in the Lending Industry. Plenert, Gerhard. Spring 1996, 58–63.
The Ideal Method for Guiding ESS Development. Lu, Hsi-Peng and Wu, Cheng-Fen. Summer 1998, 56–65.
Information Integration in Multidimensional Databases. Lam, Monica and Ching, Russell, K.H. Fall 1998, 36–45.
Gaining User Acceptance of an EIS. Walstrom, Kent A., and Wilson, Rick L. Winter 1997, 54–59.
Total Quality Management: A GDSS Approach. Aiken, Milam, Hasan, Bassam, and Vanjani, Mahesh. Winter 1996, 73–75.
Using Groupware in Quality Management Programs. Kock, Nereu F. Jr., and McQueen, Robert J. Spring 1997, 56–62.
The Value of Information. Dué, Richard T. Winter 1996, 68–72.

Distributed Computing
Implementing Distributed Solutions: Which Strategy to Choose? Watad, Mahmoud M. and Herlihy, Michael. Winter 1999, 48–44
The Network Computer Concept. Balusek, Steven and Sircar, Sumit. Winter 1998, 48–57.

Documentation
Using Groupware in Quality Management Programs. Kock, Nereu F. Jr., and McQueen, Robert J. Spring 1997, 56–62.

Document Management
Creating a Paperless Workflow. Fox, Karen C. and Frolick, Mark N. Spring 1999, 41– 45.
Terms of Reference: The Foundation for Implementing Document Management Systems. Sutton, Michael J.D. and Lemay, Pierre J. Winter 1999, 78–83.

Downsizing
Developing a Personal Business Plan. Stokes, Stewart L., Spring 1997, 70–73.
Reenergizing People after Downsizing. Zawacki, Robert A. Fall 1997, 63–65.

Economic Issues
The Challenges Facing Global E-Commerce. Bingi, Prasad; Mir, Ali; and Khamala, Joseph. Fall 2000,

26–33.
The End of the Outsourcing Era. Glass, Robert L. Spring 1996, 89–91.
The Economics of Component-Based Development. Dué, Richard T. Winter 2000, 92–95.
The Economics of Taxing Electronic Commerce. Chou, David C. Winter 1999, 7–14
Issues in Foreign Outsourcing. Ramarapu, Narender; Parzinger, Monica J.; and Lado, Augustine A. Spring 1997, 27–31.
Preparing for Euro Business Transactions. Sipior, Janice C. and Ward, Burke T. Summer 1999, 47–56.
Reevaluating Productivity Measures. Jurison, Jaak. Winter 1997, 30–34.
The Value of Information. Dué, Richard T. Winter 1996, 68–72.
The Y2K Boon to IS and Business. Gordon, Lawrence A. and Loeb, Martin P. Summer 1999, 57–62.

Electronic Commerce
Analyzing Agents for Electronic Commerce. Wang, Wang. Winter 1999, 40–47.
Building an E-Business Strategy. Hackbarth, Gary and Kettinger, William J. Summer 2000, 79–93.
Business-to-Business E-Commerce. Senn, James A. Spring 2000, 23–32.
Capitalizing on Electronic Markets. Senn, James A. Summer 1996, 15–24.
Developing Electronic Commerce Web Sites for the Visually Impaired. Rogers, Mark and Rajkumar, T.M. Winter 1999, 15–25.
The Economics of Taxing Electronic Commerce. Chou, David C. Winter 1999, 7–14
Ensuring Extranet Security and Performance. Maier, Phillip Q. Spring 2000, 33–40.
Expanding the Reach of Electronic Commerce: The Internet and EDI. Senn, James. Summer 1998, 7–15.
A Framework for Web Marketing Strategies. Nour, Mohamed A., and Fadlalla, Adam. Spring 2000, 41–50.
The Global Information Infrastructure. Gray, Paul. Summer 1996, 7–14.
The Growth of the Web-Based Investment. Sharma, Maneesh K., and Bingi, Prasad. Spring 2000, 58–64.
A Guide to the Internet Revolution in Banking. Chou, David C., and Chou, Amy Y. Spring 2000, 51–57.
How the Internet is Breaking Down Barriers to EDI. Muller, Nathan J. Summer 1998, 78–81.
Interorganization Systems and Supply Chain Management: an Information Processing Perspective. Premkumar, G. Prem. Summer 2000, 56–70.
Is Electronic Commerce Ready for the Internet? Cooper, Larry K., Duncan, Dennis J., and Whetstone, John. Summer 1996, 25–36.
Martin Nemzow: Building Cyberstores on the Net. Muller, Nathan J. Summer 1998, 91–93.
Partnering on Extranets for Strategic Advantage. Chan, Steven, and Davis, Tim R.V., Winter 2000, 58–64.
Road Map to the E-Revolution. Kampas, Paul J. Spring 2000, 8–22.
Topics Old and New. Gray, Paul. Fall 2000, 62–67.
Turning E-Business Barriers into Strengths. Schuette, Dave. Fall, 20–25.

Electronic Commerce Marketing
A Framework for Web Marketing Strategies. Nour, Mohamed A., and Fadlalla, Adam. Spring 2000, 41–50.

Electronic Data Interchange
Capitalizing on Electronic Markets. Senn, James A. Summer 1996, 15–24.
Expanding the Reach of Electronic Commerce: The Internet and EDI. Senn, James. Summer 1998, 7–15.
How the Internet is Breaking Down Barriers to EDI. Muller, Nathan J. Summer 1998, 78–81.
Selecting an EDI Third Party Network. Esichaikul, Vatcharaporn and Chaichotiranant, Chatiya. Winter 1999, 26–31.
Strategic Implications of Electronic Linkages. Young, D. Carr, H. H., and Rainer R. K., Jr. Winter 1999, 32–39.

Employee Development
At the Crossroads of Technology and Management. Stokes, Stewart L. Spring 1999, 7–11.
Attracting and Keeping IT Talent. Stokes, Stewart L. Summer 2000, 8–16.
The Benefits of Exit Interviews. Harris, Don H. Summer 2000, 17–20.
Centers of Excellence: Empowering People to Manage Change. Lyle, Steven, W., and Zawacki, Robert A. Winter 1997, 26–29.
Competency-Based Succession Planning. Nardoni, Ren. Fall 1997, 60–62.
Implementing Employee Empowerment. Ward, James A. Winter 1997, 62–65.
IS and the Learning Organization. King, William R. Summer 1996, 78–80.
The Legacy Staffing Challenge. Mingus, Nancy Blumenstalk. Winter 1997, 22–25.
Managing the Three Levels of Change. O'Hara M., Watson, R., and Kavan, C. B. Summer 1999, 63–70.
Reenergizing People after Downsizing. Zawacki, Robert A. Fall 1997, 63–65.
Repositioning HR Information Systems. Sobkowiak, Roger T., and LeBleu, Ronald E. Winter 1996, 62–64.
Resurrecting IS Talent. McKee, David. Summer 1996, 87–89.
Successfully Hiring and Retaining IT Personnel. Murray, John P. Spring 1999, 18–24.
Survival Skills for the IS Professional. . Longenecker, Clinton O., Simonetti, Jack L., and Mulias, Mark. Spring 1996, 26–31.

Employee Hiring
Attracting and Keeping IT Talent. Stokes, Stewart L. Summer 2000, 8–16.
The Benefits of Exit Interviews. Harris, Don H. Summer 2000, 17–20.
Corporate Hiring Criteria for IS Graduates. Young, Dale, and Lee, Sooun. Winter 1997, 47–53.
Improving the IT Hiring Rate. Murray, John P. Summer 2000, 33–35.
Successfully Hiring and Retaining IT Personnel. Murray, John P. Spring 1999, 18–24.
Variables in the Hiring Equation: Ensuring that the

Right Candidate is Hired. Sheehan, Laurence E. Summer 2000, 21–32.

End-User Computing

Decision Support in the Lending Industry. Plenert, Gerhard. Spring 1996, 58–63.

End-User Access Tools. van den Hoven, John. Spring 1996, 76–78.

Gaining User Acceptance of an EIS. Walstrom, Kent A., and Wilson, Rick L. Winter 1997, 54–59.

Improving Communication with Nontechnicians. Stettner, Morey. Fall 1997, 70–72.

Retooling for Client/Server Applications. Rouse, Robert A. Fall 1996, 19–24.

Systems Development: A Dying Discipline? Glass, Robert L. Winter 1997, 78–81.

Team Building for IS Success. Nath, Raghu, and Lederer, Albert L. Spring 1996, 32–37.

Using EISs for Environmental Scanning. Frolick, Mark N., Parzinger, Monica J., Rainer, R. Kelly Jr., and Ramarapu, Narender K. Winter 1997, 35–40.

Enterprise Computing

An Approach for Establishing Enterprise Data Standards. Purba, Sanjiv. Fall 1998, 14–20.

Critical Issues Affecting an ERP Implementation. Bingi P., Sharma M. K., and Godla, J. K. Summer 1999, 7–14.

End-User Access Tools. van den Hoven, John. Spring 1996, 76–78.

Enterprise Client/Server Computing. Jeffrey, Brian. Fall 1996, 7–18.

Enterprise Client/Server Planning. Miller, Diane M. Spring 1997, 41–47

An Enterprise Decision Framework for Information System Selection. Lee, Richard. Fall 1998, 7–13.

A Framework for Developing Enterprise Data Warehouses. Murtaza, Ali. H. Fall 1998, 21–26.

Issues in Distributed IT Management. Ptak, Richard and Noel, Jasmine. Summer 1998, 16–22.

The Knowledge Repository: Organizational Memory Information Systems. Hackbarth, Gary and Grover, Varun. Summer 1999, 21–30.

Linux: Alternative Directions in Computing. Simonyi, Michael. Spring 2000, 74–79.

Strategic Issues in Groupware. King, William R. Spring 1996, 73–75.

Terms of Reference: The Foundation for Implementing Document Management Systems. Sutton, Michael J.D. and Lemay, Pierre J. Winter 1999, 78–83.

Web-Based Data Warehousing: Fundamentals, Challenges, and Solutions. Chen, Lei-da and Frolick, Mark N. Spring 2000, 80–86.

Enterprise Resource Package (ERP)

Assimilating New Technologies: The Role of Organizational Culture. Hoffman, Norman and Klepper, Robert. Summer 2000, 36–42.

Critical Issues Affecting an ERP Implementation. Bingi P., Sharma M. K., and Godla, J. K. Summer 1999, 7–14.

Enhancing Manufacturing Performance with ERP Systems. Palaniswamy, Rajagopal and Frank, Tyler. Summer 2000, 43–55.

ERP Packages: What's Next? Li, Conghua. Summer 1999, 31–35.

Risk Management Skills Needed in a Packaged Software Environment. Butler, Janet. Summer 1999, 15–20.

Environmental Scanning

Using EISs for Environmental Scanning. Frolick, Mark N., Parzinger, Monica J., Rainer, R. Kelly Jr., and Ramarapu, Narender K. Winter 1997, 35–40.

Ethics

The Ethics of Telework. Guthrie, Ruth. Fall 1997, 29–32.

Euro Monetary Conversion

IT Strategies for Migrating to the Euro. Barnea, Amir. Winter 2000, 47–57.

Preparing for Euro Business Transactions. Sipior, Janice C. and Ward, Burke T. Summer 1999, 47–56.

Executive Information Systems

Gaining User Acceptance of an EIS. Walstrom, Kent A., and Wilson, Rick L. Winter 1997, 54–59.

Including Soft Information in EISs. Watson, Hugh J., O'Hara, Margaret T., Harp, Candice G., and Kelly, Gigi G. Summer 1996, 66–77.

Politics of Implementing EISs. Overton, Keith, Frolick, Mark N., and Wilkes, Ronald B. Summer 1996, 50–57.

Using EISs for Environmental Scanning. Frolick, Mark N., Parzinger, Monica J., Rainer, R. Kelly Jr., and Ramarapu, Narender K. Winter 1997, 35–40.

Using Lotus Notes in EISs. Haley, Barbara J., and Watson, Hugh J. Winter 1996, 38–43.

Expert Systems

Building a Large Expert System. Grupe, Fritz H. Fall 1996, 33–40.

Extensible Markup Language (XML)

Reengineering Information Systems with XML. Chiu, Chao-Min. Fall 2000, 40–54.

XML — Rosetta Stone for Data. Van den Hoven, John. Fall 2000, 55–58.

Extranets

Ensuring Extranet Security and Performance. Maier, Phillip Q. Spring 2000, 33–40.

Interorganization Systems and Supply Chain Management: an Information Processing Perspective. Premkumar, G. Prem. Summer 2000, 56–70.

Partnering on Extranets for Strategic Advantage. Chan, Steven, and Davis, Tim R.V., Winter 2000, 58–64.

Financial Systems

The Growth of the Web-Based Investment. Sharma, Maneesh K., and Bingi, Prasad. Spring 2000, 58–64.

A Guide to the Internet Revolution in Banking. Chou, David C., and Chou, Amy Y. Spring 2000, 51–57.

General Management.

The Benefits of Exit Interviews. Harris, Don H. Summer 2000, 17–20.

Coping with Change at the Top. Stokes, Stewart L., Jr. Winter 1996, 76–78.

A Demand Side Approach to Telecommuting: The Integrated Workplace Strategies Concept. Gray, Paul. Fall 1997, 21–28.
The End of the Outsourcing Era. Glass, Robert L. Spring 1996, 89–91.
The Ethics of Telework. Guthrie, Ruth. Fall 1997, 29–32.
Implementing Employee Empowerment. Ward, James A. Winter 1997, 62–65.
Interview: Mary Boone on Building Strategic Partnerships. Terlaga, Ray, and O'Connor, Bridget N. Summer 1997, 92–96.
IT Performance Turnaround. Hays, Richard D. Winter 1998, 84–87.
Junk Computing. Guthrie, Ruth, and Gray, Paul. Winter 1996, 23–28.
The Leading Edge in IS Management. Gray, Paul. Spring 2000, 87–91.
A Line in the Sand. Stokes, Stewart L., Jr. Spring 1996, 83–85.
Making Customer Service a Priority. Murray, John P. Winter 1996, 7–11.
Managing the Decentralized IT Organization. Birge, Eileen M. Summer 1997, 77–81.
Managing for Flexibility. Prager, Kenneth P. Fall 1996, 41–46.
Managing the IT Procurement Process. Heckman, Robert. Winter 1999, 61–70.
Measurement Management. Ward, James A. Winter 1996, 59–61.
Organizational Culture and the IT Professional. Prager, Kenneth P. Spring 1999, 12–17.
Organizational Transformation. King, William R. Spring 1997. 63–65.
Outsourcing Basics. Jones, Wendell. Winter 1997, 66–69.
An Outsourcing Parable. Tayntor, Christine B. Spring 1997, 66–69.
Partnering Roles of the IS Executive. Brown, Carol V., McLean, Ephraim R., and Straub, Detmar W. Spring 1996, 14–18.
Politics of Implementing EISs. Overton, Keith, Frolick, Mark N., and Wilkes, Ronald B. Summer 1996, 50–57.
Project Assessment: A Tool for Improving Project Management. Purvis, Russell L. and McCray, Gordon E. Winter 1999, 55–60.
Software and Sanity. Rostaing, Bjarne. Winter 1996, 79–81.
Status Report on Quality Assurance Methods. Pearson, J. Michael, and Hagmann, Constannza. Winter 1996, 52–58.
Status Report on Women and Men in the IT Workplace. Igbaria, Magid; Parasuraman, Saroj; and Greenhaus, Jeffrey H. Summer 1997, 44–53.
Survival Skills for the IS Professional. Longenecker, Clinton O., Simonetti, Jack L., and Mulias, Mark. Spring 1996, 26–31.
Synergy Between Business Process and Systems Reengineering. Aiken, Peter and Hodgson. Fall 1998, 55–67.
Team Building as a Strategy for Time-Based Competition. Zawacki, Robert A. amd Lackow, Howard. Summer 1998, 36–42.
Team Building for IS Success. Nath, Raghu, and Lederer, Albert L. Spring 1996, 32–37.
Telecommuting: Issues for the IS Manager. Jacobs, Sheila M., and Van Sell, Mary. Winter 1996, 18–22.
Why Chargebacks Fail. Meyer, N. Dean. Summer 1996, 84–86.

Groupware

Groupware in Practice. Downing, Charles E. and Clark, Andrew S. Spring 1999, 25–31.
Total Quality Management: A GDSS Approach. Aiken, Milam, Hasan, Bassam, and Vanjani, Mahesh. Winter 1996, 73–75.
Using Groupware in Quality Management Programs. Kock, Nereu F. Jr., and McQueen, Robert J. Spring 1997, 56–62.

Group Work

Strategic Issues in Groupware. King, William R. Spring 1996, 73–75.
Using JAD for Strategic Initiatives. Kettelhut, Michael C. Summer 1997, 29–36.

Hardware

Using Lotus Notes in EISs. Haley, Barbara J., and Watson, Hugh J. Winter 1996, 38–43.

Help Desks

Expanding the Help Desk Through the World Wide Web. Muller, Nathan J. Summer 1996, 37–44.
Outsourcing the Help Desk Function. Grupe, Fritz H. Spring 1997, 15–22.

Human Resources Management

Are Human Resource Departments Ready for E-HR? Karakanian, Marie. Fall 2000, 34–39.
Attracting and Keeping IT Talent. Stokes, Stewart L. Summer 2000, 8–16.
The Benefits of Exit Interviews. Harris, Don H. Summer 2000, 17–20.
Competency-Based Succession Planning. Nardoni, Ren. Fall 1997, 60–62.
Corporate Hiring Criteria for IS Graduates. Young, Dale, and Lee, Sooun. Winter 1997, 47–53.
Centers of Excellence: Empowering People to Manage Change. Lyle, Steven, W., and Zawacki, Robert A. Winter 1997, 26–29.
Expanding the Help Desk Through the World Wide Web. Muller, Nathan J. Summer 1996, 37–44.
Ethical Management of Employee E-Mail Privacy. Sipior, Janice C; Burke, Ward T.; and Rainone, Sebastian M. Winter 1998, 41–47.
Improving the IT Hiring Rate. Murray, John P. Summer 2000, 33–35.
Planning an IS Staffing Model. Gower, William. Spring 1998, 87–91.
Repositioning HR Information Systems. Sobkowiak, Roger T., and LeBleu, Ronald E. Winter 1996, 62–64.
Successfully Hiring and Retaining IT Personnel. Murray, John P. Spring 1999, 18–24.
Variables in the Hiring Equation: Ensuring that the Right Candidate is Hired. Sheehan, Laurence E. Summer 2000, 21–32.

Hypertext

Expanding the Help Desk Through the World Wide Web. Muller, Nathan J. Summer 1996, 37–44.
Reengineering Information Systems with XML. Chiu, Chao-Min. Fall 2000, 40–54.

Industry Trends
Capitalizing on Electronic Markets. Senn, James A. Summer 1996, 15–24.
Converging on the Customer. Ryan, Hugh W. Summer 1996, 81–83.
Coping with Change at the Top. Stokes, Stewart L., Jr. Winter 1996, 76–78.
Corporate Hiring Criteria for IS Graduates. Young, Dale, and Lee, Sooun. Winter 1997, 47–53.
The Economics of Taxing Electronic Commerce. Chou, David C. Winter 1999, 7–14
The End of the Outsourcing Era. Glass, Robert L. Spring 1996, 89–91.
The Global Information Infrastructure. Gray, Paul. Summer 1996, 7–14.
Issues in Foreign Outsourcing. Ramarapu, Narender; Parzinger, Monica J.; and Lado, Augustine A. Spring 1997, 27–31.
A Line in the Sand. Stokes, Stewart L., Jr. Spring 1996, 83–85.
Linux: Alternative Directions in Computing. Simonyi, Michael. Spring 2000, 74–79.
Partnering Roles of the IS Executive. Brown, Carol V., McLean, Ephraim R., and Straub, Detmar W. Spring 1996, 14–18.
Redefining Information Management. English, Larry P. Winter 1996, 65–67.
Road Map to the E-Revolution. Kampas, Paul J. Spring 2000, 8–22.
Status Report on Women and Men in the IT Workplace. Igbaria, Magid; Parasuraman, Saroj; and Greenhaus, Jeffrey H. Summer 1997, 44–53.
Survival Skills for the IS Professional. Longenecker, Clinton O., Simonetti, Jack L., and Mulias, Mark. Spring 1996, 26–31.
Telework: Enabling Distributed Organizations. Nilles, Jack M. Fall 1997, 7–14.

Information Integrity
The Multiple Dimensions of Information Quality. Miller, Holmes. Spring 1996, 79–82.

Information Resource Management
Data Warehousing: New Name for the Accessibility Challenge. Van den Hoven, John. Winter 1997, 70–72.
End-User Access Tools. van den Hoven, John. Spring 1996, 76–78.
Information Infrastructure Management: A New Role for IS Managers. Tan, Djoen S., and Uijttenbroek, Aad A. Fall 1997, 33–41.
Information Resource Management: Stewards of Data. Van den Hoven, John. Winter 1999, 88–90.
IT Power and the Postemptive Strike. Cyr, David; Gehling, Leah; and Gibson, Michael L. Summer 1997, 7–15.
The Multiple Dimensions of Information Quality. Miller, Holmes. Spring 1996, 79–82.
Redefining Information Management. English, Larry P. Winter 1996, 65–67.
Toward the New Age Data Warehouse. Prince, E. Ted. Fall 1996, 63–65.
Using EISs for Environmental Scanning. Frolick, Mark N., Parzinger, Monica J., Rainer, R. Kelly Jr., and Ramarapu, Narender K. Winter 1997, 35–40.

Infrastructure
Establishing an IT Architecture Strategy. Hay, Gordon, and Muñoz, Rick. Summer 1997, 67–69.
The Global Information Infrastructure. Gray, Paul. Summer 1996, 7–14.
Information Infrastructure Management: A New Role for IS Managers. Tan, Djoen S., and Uijttenbroek, Aad A. Fall 1997, 33–41.
A Look at the Telecommunications Act of 1996. Whitman, Michael E. Summer 1997, 82–86.
An Object-Based Infrastructure for IRM. Huang, Adam S. and Krovi, Ravi. Spring 1998, 46–52.
Managing the Decentralized IT Organization. Birge, Eileen M. Summer 1997, 77–81.
Outsourcing in Client/Server Environments. Gerston, Joel. Spring 1997, 74–77.

Integration
Achieving Global Strategic Advantage. King, William R. Fall 1996, 57–59.
Barriers to Effective CIM Implementation. Attaran, Mohsen. Fall 1996, 52–56.
Integrating Core IT Process: A Case Study. Purvis, Russell L. and McCray, Gordon E. Summer 1999, 36–46.
Legacy Asset Management. Slee, Christopher, and Slovin, Malcolm. Winter 1997, 12–21.
Planning Technology Transitions. Muller, Nathan J. Summer 1997, 70–72.
Systems Integration and Knowledge Management. Bourdreau, André and Couillard, Guy. Fall, 24–32.

International Electronic Commerce
The Challenges Facing Global E-Commerce. Bingi, Prasad; Mir, Ali; and Khamala, Joseph. Fall 2000, 26–33.

Internet
Analyzing Agents for Electronic Commerce. Wang, Wang. Winter 1999, 40–47.
Capitalizing on Electronic Markets. Senn, James A. Summer 1996, 15–24.
The Communications Decency Act: An Update for IS Management. Whitman, Michael E., Townsend, Anthony M. and Aalberts, Robert J. Winter 1999, 91–94.
Competitive Implications of the Internet. Guthrie, Ruth A., and Austin, Lenard D. Summer 1996, 90–92.
Converging on the Customer. Ryan, Hugh W. Summer 1996, 81–83.
Database Security for the Web. Maheshwari, Anil. Spring 1999, 85–88.
Developing Mature Internet Strategies. Angehrn, Albert A., and Meyer, Jens F. Summer 1997, 37–43.
The Distributed Java Platform. Morgenthal, J. P. Winter 1998, 16–20.
Expanding the Help Desk Through the World Wide Web. Muller, Nathan J. Summer 1996, 37–44.
Expanding the Reach of Electronic Commerce: The Internet and EDI. Senn, James. Summer 1998, 7–15.
Extranets: Borderless Internet/Intranet Networking. Sharp, Duane E. Summer 1998, 31–35.
The Global Information Infrastructure. Gray, Paul. Summer 1996, 7–14.
How the Internet is Breaking Down Barriers to EDI. Muller, Nathan J. Summer 1998, 78–81.
Integrating into the Global Client/Server Network. Muller, Nathan J. Fall 1996, 66–68.

Internet Acceptable Usage Policies. Gaskin, James E. Spring 1998, 20–25.
The Internet as a Global Strategic IS Tool. Prakash, Amarnath. Summer 1996, 45–49.
Implementing Distributed Solutions: Which Strategy to Choose? Watad, Mahmoud M. and Herlihy, Michael. Winter 1999, 48–44
Is Electronic Commerce Ready for the Internet? Cooper, Larry K., Duncan, Dennis J., and Whetstone, John. Summer 1996, 25–36.
Leveraging Web-Based Information Systems. Dunn, Jacquelin R. and Varano, Michael W. Fall 1999, 60–69.
Planning for Internet Security. Garfield, Monica J., and McKeown, Patrick G. Winter 1997, 41–46.

Interviews
Building Strategic Partnerships. Terlaga, Ray, and O'Connor, Bridget N. Summer 1997, 92–96.
James Martin: Educating for the Cybercorp. Umbaugh, Robert E. Winter 1998, 93–96.
Martin Nemzow: Building Cyberstores on the Net. Muller, Nathan J. Summer 1998, 91–93.

Intranets
Building a Solid Foundation for Intranet Security. Blackwell, Ed. Spring 1998, 26–33.
Designing a Business-Justified Intranet Project. Ptak, Richard, L. Spring 1998, 13–19.
Introducing an Intranet into an Organization: An Integrated Model. Bidgoli, Hossein. Summer 1999, 78–87.

IS Culture
Achieving Reuse with OO Technology. Sánchez, Nancy G., and Choobineh, Joobin. Spring 1997, 48–55.
Managing the Three Levels of Change. O'Hara M., Watson, R., and Kavan, C. B. Summer 1999, 63–70.
Ethical Responsibility for Software Development. Sipior, Janice C. and Ward, Burke T. Spring 1998, 68–72.
Legacy Asset Management. Slee, Christopher and Slovin, Malcolm. Winter 1997, 12–21.
Meeting the Software Challenge: A Model for IS Transformation. AlBanna, Sami J. and Osterhaus, Joe. Winter 1998, 7–15.
Organizational Culture and the IT Professional. Prager, Kenneth P. Spring 1999, 12–17.
Overcoming Cultural Barriers to the Adoption of Object Technology. Allard, Mark. Summer 1998, 82–85.
Planning an IS Staffing Model. Gower, William. Spring 1998, 87–91.
Team Building as a Strategy for Time-Based Competition. Zawacki, Robert A. and Lackow, Howard. Summer 1998, 36–42.

IS Economics
IT-Enhanced Productivity and Profitability. King, William R. Summer 1998 70–72.
The New Productivity Metrics. Dué, Richard T. Fall 1996, 60–62.
Outsourcing Basics. Jones, Wendell. Winter 1997, 66–69.
Saving Costs on Year 2000 Outsourcing Projects. Fowler, Donald R. Fall 1997, 66–69.
A Strategic Approach to IT Investments. Dué, Richard T. Summer 1997, 73–76.
The Value of Information. Dué, Richard T. Winter 1996, 68–72.
The Y2K Boon to IS and Business. Gordon, Lawrence A. and Loeb, Martin P. Summer 1999, 57–62.
Why Chargebacks Fail. Meyer, N. Dean. Summer 1996, 84–86.

IT Customer Relations
Managing Customer Expectations. Miller, Holmes. Spring 2000, 92–95.
Structuring the Interaction Between IT and Business Units. Gordon, Judith R. and Gordon, Steven R. Winter 2000, 7–16.

Joint Application Development
Using JAD for Strategic Initiatives. Kettelhut, Michael C. Summer 1997, 29–36.

Knowledge Management
Integrating Knowledge Management into IS Strategy. King, William R. Fall 1999, 70–72.
Knowledge Management, Practically Speaking. Kanter, Jerry. Fall 1999, 7–15.
Knowledge Mapping. Vail, Edmond F., III. Fall 1999, 16–23.
The Knowledge Repository: Organizational Memory Information Systems. Hackbarth, Gary and Grover, Varun. Summer 1999, 21–30.
Playing an Integral Role in Knowledge Management. King, William R. Fall 2000, 59–61.
Systems Integration and Knowledge Management. Bourdreau, André and Couillard, Guy. Fall, 24–32.

Knowledge Workers
Reevaluating Productivity Measures. Jurison, Jaak. Winter 1997, 30–34.

Legacy Systems
Centers of Excellence: Empowering People to Manage Change. Lyle, Steven, W., and Zawacki, Robert A. Winter 1997, 26–29.
Enterprise Client/Server Planning. Miller, Diane M. Spring 1997, 41–47.
Implementing Distributed Solutions: Which Strategy to Choose? Watad, Mahmoud M. and Herlihy, Michael. Winter 1999, 48–44
Improving Legacy Systems Maintainability. Kim, Young-Gul. Winter 1997, 7–11.
Legacy for the Long Haul. Ryan, Hugh W. Winter 1997, 60–61.
Legacy Asset Management. Slee, Christopher, and Slovin, Malcolm. Winter 1997, 12–21.
The Legacy Staffing Challenge. Mingus, Nancy Blumenstalk. Winter 1997, 22–25.
Reengineering Information Systems with XML. Chiu, Chao-Min. Fall 2000, 40–54.
Reverse Data Engineering into a Distributed Environment: A Metadata Analysis. Aiken, Peter and Girling, Bill. Summer 1998, 47–55.

Legal Issues
Bringing Decision Support to the Customer Level. Downing, Charles E., and Safizadeh, M. Hossein. Summer 1997, 23–28.

The Challenges Facing Global E-Commerce. Bingi, Prasad; Mir, Ali; and Khamala, Joseph. Fall 2000, 26–33.
The Communications Decency Act: An Update for IS Management. Whitman, Michael E., Townsend, Anthony M. and Aalberts, Robert J. Winter 1999, 91–94.
Ethical Management of Employee E-Mail Privacy. Sipior, Janice C; Burke, Ward T.; and Rainone, Sebastian M. Winter 1998, 41–47.
Ethical Responsibility for Software Development. Sipior, Janice C. and Ward, Burke T. Spring 1998, 68–72.
Internet Acceptable Usage Policies. Gaskin, James E. Spring 1998, 20–25.
Issues in Foreign Outsourcing. Ramarapu, Narender; Parzinger, Monica J.; and Lado, Augustine A. Spring 1997, 27–31.
A Look at the Telecommunications Act of 1996. Whitman, Michael E. Summer 1997, 82–86.
Planning for Internet Security. Garfield, Monica J., and McKeown, Patrick G. Winter 1997, 41–46.

Linux
The Duality of Microsoft's Position on Linux. Bolzern, Marc. Summer 2000, 94–96.
Linux: Alternative Directions in Computing. Simonyi, Michael. Spring 2000, 74–79.

Local Area Networks
An Outsourcing Parable. Tayntor, Christine B. Spring 1997, 66–69.

Mainframes
Enterprise Client/Server Computing. Jeffrey, Brian. Fall 1996, 7–18.
Resurrecting IS Talent. McKee, David. Summer 1996, 87–89.
Survey of DBMS Use and Satisfaction. Fadlalla, Adam, and Gorla, Narasimhaiah. Spring 1997, 78–79.

Maintenance
Creating a Balanced IS Measurement. Program. Edberg, Dana T. Spring 1997, 32–40.
Improving Legacy Systems Maintainability. Kim, Young-Gul. Winter 1997, 7–11.
Saving Costs on Year 2000 Outsourcing Projects. Fowler, Donald R. Fall 1997, 66–69.

Management Service Providers
The Management Service Provider Option. Butler, Janet. Fall 2000, 8–13.

Manufacturing
An Approach for Developing Flexible MRP Systems. Mustafa, Yousif and Mejabi, O. Spring 1999, 58–63.
Barriers to Effective CIM Implementation. Attaran, Mohsen. Fall 1996, 52–56.
Enhancing Manufacturing Performance with ERP Systems. Palaniswamy, Rajagopal and Frank, Tyler. Summer 2000, 43–55.
Using Groupware in Quality Management Programs. Kock, Nereu F. Jr., and McQueen, Robert J. Spring 1997, 56–62.

Measurement
Achieving Reuse with OO Technology. Sánchez, Nancy G., and Choobineh, Joobin. Spring 1997, 48–55.
Creating a Balanced IS Measurement. Program. Edberg, Dana T. Spring 1997, 32–40.
Measurement Management. Ward, James A. Winter 1996, 59–61.
The New Productivity Metrics. Dué, Richard T. Fall 1996, 60–62.
Reevaluating Productivity Measures. Jurison, Jaak. Winter 1997, 30–34.
A Strategic Approach to IT Investments. Dué, Richard T. Summer 1997, 73–76.
Using Metrics for Outsourcing Oversight. Rubin, Howard A. Spring 1997, 7–14.

Mergers and Acquisitions
The Value of Information. Dué, Richard T. Winter 1996, 68–72.

Methodologies
Achieving Reuse with OO Technology. Sánchez, Nancy G., and Choobineh, Joobin. Spring 1997, 48–55.
Database Development Methodology and Organization. Purba, Sanjiv. Winter 1999, 72–77.
Enterprise Client/Server Planning. Miller, Diane M. Spring 1997, 41–47.
Enterprise Modeling for Strategic Support. Whitman Michael E., and Gibson, Michael L. Spring 1996, 64–72.
Information Infrastructure Management: A New Role for IS Managers. Tan, Djoen S., and Uijttenbroek, Aad A. Fall 1997, 33–41.
Reinventing Through Reengineering. Mische, Michael A., and Bennis, Warren. Summer 1996, 58–65.
Rightsizing for Client/Server Success. Hager, Pam. Winter 1996, 44–51.
Status Report on Quality Assurance Methods. Pearson, J. Michael, and Hagmann, Constannza. Winter 1996, 52–58.
Using CASE Tools in Strategic IS Planning. Lederer, Albert L., and Mahaney, Robert C. Fall 1996, 47–51.
Using Groupware in Quality Management Programs. Kock, Nereu F. Jr., and McQueen, Robert J. Spring 1997, 56–62.
Using Metrics for Outsourcing Oversight. Rubin, Howard A. Spring 1997, 7–14.

Metrics
Creating a Balanced IS Measurement. Program. Edberg, Dana T. Spring 1997, 32–40.
The New Productivity Metrics. Dué, Richard T. Fall 1996, 60–62.
Using Metrics for Outsourcing Oversight. Rubin, Howard A. Spring 1997, 7–14.

Modeling
Client/Server Performance Engineering. Rabin, Steven. Fall 1996, 25–32.
Enterprise Client/Server Planning. Miller, Diane M. Spring 1997, 41–47.
Enterprise Modeling for Strategic Support. Whitman, Michael E., and Gibson, Michael L. Spring 1996,

64–72.
Making Data Models Readable. Hay, David C. Winter 1998, 21–33.
Reengineering through Simulation Modeling: Optimizing a Telephone Ordering System at GPO. Giannini, Paul J., Grupe, Fritz H., and Saholsky, Robert M. Summer 1997, 61–66.
Strategic Tips for CASE Implementation. Graham, Lou, and Eliot, Lance B. Spring 1996, 86–88.
Using CASE Tools in Strategic IS Planning. Lederer, Albert L., and Mahaney, Robert C. Fall 1996, 47–51.

Multimedia
Automatic Speech Recognition: An Emerging Interface for Multimedia Applications. Fried, Louis. Winter 1996, 29–37.

Multivendor Environments
Planning Technology Transitions. Muller, Nathan J. Summer 1997, 70–72.

Natural Language Processing
IT Power and the Postemptive Strike. Cyr, David; Gehling, Leah; and Gibson, Michael L. Summer 1997, 7–15.

Networks
Expanding the Help Desk Through the World Wide Web. Muller, Nathan J. Summer 1996, 37–44.
Is Electronic Commerce Ready for the Internet? Cooper, Larry K., Duncan, Dennis J., and Whetstone, John. Summer 1996, 25–36.
The Global Information Infrastructure. Gray, Paul. Summer 1996, 7–14.
Network Architectures and Performance. Sharp, Duane, E. Spring 1998, 7–12.
The Network Computer Concept. Balusek, Steven and Sircar, Sumit. Winter 1998, 48–57.
Outsourcing in Client/Server Environments. Gerston, Joel. Spring 1997, 74–77.
Planning for Internet Security. Garfield, Monica J., and McKeown, Patrick G. Winter 1997, 41–46.
Successful ATM Network Implementations. McBrayer, Patrick. Winter 1998, 67–70.

Neural Networks
Discovering Knowledge in Corporate Databases. Yoon, Younghoc. Spring 1999, 64–71.
Forecasting Market Trends with Neural NetworkBsat, Mohammad. Fall 1999, 42–48.

New Technology
Assimilating New Technologies: The Role of Organizational Culture. Hoffman, Norman and Klepper, Robert. Summer 2000, 36–42.
Outsourcing for New Technology Adoption. Yesulatitis, Joseph A. Spring 1997. 80–82.
Planning Technology Transitions. Muller, Nathan J. Summer 1997, 70–72.

Object-Oriented Technology
An Approach for Developing Flexible MRP Systems. Mustafa, Yousif and Mejabi, O. Spring 1999, 58–63.
Achieving Reuse with OO Technology. Sánchez, Nancy G., and Choobineh, Joobin. Spring 1997, 48–55.
Designing and Managing Client/Server DBMSs. Rajkumar, T.M., and Dawley, Donald L. Spring 1996, 49–57.
IT Power and the Postemptive Strike. Cyr, David; Gehling, Leah; and Gibson, Michael L. Summer 1997, 7–15.
An Object-Based Infrastructure for IRM. Huang, Adam S. and Krovi, Ravi. Spring 1998, 46–52.
Overcoming Cultural Barriers to the Adoption of Object Technology. Allard, Mark. Summer 1998, 82–85.
A Strategic Approach to IT Investments. Dué, Richard T. Summer 1997, 73–76.

Organization
Building an IS Consulting Business. Leto, Anita B. and Roberts, Daniel D. Summer 1998, 73–77.
The Impact of Technology on Cooperative Work. Raisinghani, Mike S., Ramarapu, Narender K., Simkin, Mark G. Summer 1998, 40–46.
The Redesigning the IT Organization for the Information Age. Boar, Bernard H. Summer 1998, 23–30.

Organizational Culture
Assimilating New Technologies: The Role of Organizational Culture. Hoffman, Norman and Klepper, Robert. Summer 2000, 36–42.
Organizational Culture and the IT Professional. Prager, Kenneth P. Spring 1999, 12–17.
The Role of Organizational Reality in Implementing Technology. Mahenthiran, S., D'Itri, M. P., and Donn, R. E. Spring 1999, 46–57.

Organizational Learning
A Balanced Approach to IT Transformation. Applegate, Paul D., and Zawacki, Robert A. Summer 1997, 16–22.
Creating a Learning Project Environment. Deane, Richard H., Clark, Thomas B., and Young, A.P. (Dennis). Summer 1997, 54–60.
IS and the Learning Organization. King, William R. Summer 1996, 78–80.
James Martin: Educating for the Cybercorp. Umbaugh, Robert E. Winter 1998, 93–96.
Meeting the Software Challenge: A Model for IS Transformation. AlBanna, Sami J. and Osterhaus, Joe. Winter 1998, 7–15.
Reenergizing People after Downsizing. Zawacki, Robert A. Fall 1997, 63–65.
Retooling for Client/Server Applications. Rouse, Robert A. Fall 1996, 19–24.

Outsourcing
Achieving Quality Outsourcing. Perry, William, and Devinney, Steve. Spring 1997, 23–26.
Application Service Providers. Dewire, Dawna Travis. Fall 2000, 14–19.
The End of the Outsourcing Era. Glass, Robert L. Spring 1996, 89–91.
Issues in Foreign Outsourcing. Ramarapu, Narender; Parzinger, Monica J.; and Lado, Augustine A. Spring 1997, 27–31.
The Management Service Provider Option. Butler, Janet. Fall 2000, 8–11.
Managing the Decentralized IT Organization. Birge,

Eileen M. Summer 1997, 77–81.
Outsourcing Basics. Jones, Wendell. Winter 1997, 66–69.
Outsourcing in Client/Server Environments. Gerston, Joel. Spring 1997, 74–77.
Outsourcing the Help Desk Function. Grupe, Fritz H. Spring 1997, 15–22.
Outsourcing for New Technology Adoption. Yesulatitis, Joseph A. Spring 1997. 80–82.
An Outsourcing Parable. Tayntor, Christine B. Spring 1997, 66–69
Restructuring Internal Services. Piede, Duane L. Winter 1996, 12–17.
The Risk of Managing Outsourcing Agreements. Kliem, Ralph L. Summer 1999, 91–93.
Saving Costs on Year 2000 Outsourcing Projects. Fowler, Donald R. Fall 1997, 66–69.
Using Metrics for Outsourcing Oversight. Rubin, Howard A. Spring 1997, 7–14.

Performance Engineering
Client/Server Performance Engineering. Rabin, Steven. Fall 1996, 25–32.

Performance Measurement
A Balanced Approach to IT Transformation. Applegate, Paul D., and Zawacki, Robert A. Summer 1997, 16–22.
Client/Server Performance Engineering. Rabin, Steven. Fall 1996, 25–32.
Creating a Learning Project Environment. Deane, Richard H., Clark, Thomas B., and Young, A.P. (Dennis). Summer 1997, 54–60.
Planning an IS Staffing Model. Gower, William. Spring 1998, 87–91.
Reenergizing People after Downsizing. Zawacki, Robert A. Fall 1997, 63–65.
Status Report on Quality Assurance Methods. Pearson, J. Michael, and Hagmann, Constannza. Winter 1996, 52–58.
The Telecommuting Paradox. Westfall, Ralph D. Fall 1997, 15–20.
Using Metrics for Outsourcing Oversight. Rubin, Howard A. Spring 1997, 7–14.

Personnel Issues
At the Crossroads of Technology and Management. Stokes, Stewart L. Spring 1999, 7–11.
Competency-Based Succession Planning. Nardoni, Ren. Fall 1997, 60–62.
Corporate Hiring Criteria for IS Graduates. Young, Dale, and Lee, Sooun. Winter 1997, 47–53.
Junk Computing: Is it Bad for an Organization? Guthrie, Ruth, and Gray, Paul. Winter 1996, 23–28.
The Legacy Staffing Challenge. Mingus, Nancy Blumenstalk. Winter 1997, 22–25.
Organizational Culture and the IT Professional. Prager, Kenneth P. Spring 1999, 12–17.
Reenergizing People after Downsizing. Zawacki, Robert A. Fall 1997, 63–65.
Resurrecting IS Talent. McKee, David. Summer 1996, 87–89.
Successfully Hiring and Retaining IT Personnel. Murray, John P. Spring 1999, 18–24.
Telecommuting: Issues for the IS Manager. Jacobs, Sheila M., and Van Sell, Mary. Winter 1996, 18–22.
Web-Based Learning: The Anytime Anywhere Classroom. Boisvert, Lisa. Winter 2000, 35–40.

Planning
Planning for Internet Security. Garfield, Monica J., and McKeown, Patrick G. Winter 1997, 41–46.
Planning Technology Transitions. Muller, Nathan J. Summer 1997, 70–72.

Privacy
Internet Acceptable Usage Policies. Gaskin, James E. Spring 1998, 20–25.

Process Management
Achieving Quality Outsourcing. Perry, William, and Devinney, Steve. Spring 1997, 23–26.
Managing the IT Procurement Process. Heckman, Robert. Winter 1999, 61–70.
Measurement Management. Ward, James A. Winter 1996, 59–61.
Planning Technology Transitions. Muller, Nathan J. Summer 1997, 70–72.
Redefining Information Management. English, Larry P. Winter 1996, 65–67.
A Systemic Approach to Change Management. Pollalis, Yannis A. Spring 1996, 19–25.

Procurement
Managing the IT Procurement Process. Heckman, Robert. Winter 1999, 61–70.

Productivity
A Balanced Approach to IT Transformation. Applegate, Paul D., and Zawacki, Robert A. Summer 1997, 16–22.
Barriers to Effective CIM Implementation. Attaran, Mohsen. Fall 1996, 52–56.
Implementing Employee Empowerment. Ward, James A. Winter 1997, 62–65.
IT-Enhanced Productivity and Profitability. King, William R. Summer 1998, 70–72.
Junk Computing: Is it Bad for an Organization? Guthrie, Ruth, and Gray, Paul. Winter 1996, 23–28.
Making Customer Service a Priority. Murray, John P. Winter 1996, 7–11.
The New Productivity Metrics. Dué, Richard T. Fall 1996, 60–62.
Reevaluating Productivity Measures. Jurison, Jaak. Winter 1997, 30–34.
Retooling for Client/Server Applications. Rouse, Robert A. Fall 1996, 19–24.
A Strategic Approach to IT Investments. Dué, Richard T. Summer 1997, 73–76.
Telecommuting: Issues for the IS Manager. Jacobs, Sheila M., and Van Sell, Mary. Winter 1996, 18–22.
Telework: Enabling Distributed Organizations. Nilles, Jack M. Fall 1997, 7–14.
Total Quality Management: A GDSS Approach. Aiken, Milam, Hasan, Bassam, and Vanjani, Mahesh. Winter 1996, 73–75.

Project Management
Achieving Reuse with OO Technology. Sánchez, Nancy G., and Choobineh, Joobin. Spring 1997, 48–55.
Building a Large Expert System. Grupe, Fritz H. Fall 1996, 33–40.
Creating an Environment for Project Success. Robert, Daniel W. Winter 1997, 73–77.
Creating a Learning Project Environment. Deane, Richard H., Clark, Thomas B., and Young, A.P.

(Dennis). Summer 1997, 54–60.
Managing the Three Levels of Change. O'Hara M., Watson, R., and Kavan, C. B. Summer 1999, 63–70.
Politics of Implementing EISs. Overton, Keith, Frolick, Mark N., and Wilkes, Ronald B. Summer 1996, 50–57.
Project Assessment: A Tool for Improving Project Management. Purvis, Russell L. and McCray, Gordon E. Winter 1999, 55–60.
Risk Management for Business Process Reengineering Projects. Kliem, Ralph L. Fall 2000, 71–73.
Strategies for Heading Off IS Project Failure. Cule, Paul, Lyytinen, Kalle, and Keil, Mark. Spring 2000, 65–73.
A Tool for Managing Year 2000 Projects. Kliem, Ralph L. Spring 1999, 92–94.

Quality Assurance
Achieving Quality Outsourcing. Perry, William, and Devinney, Steve. Spring 1997, 23–26.
Measurement Management. Ward, James A. Winter 1996, 59–61.
The Multiple Dimensions of Information Quality. Miller, Holmes. Spring 1996, 79–82.
Reevaluating Productivity Measures. Jurison, Jaak. Winter 1997, 30–34.
Software Quality Management Strategies. Phan, Dien D. Spring 1998, 48–52.
Status Report on Quality Assurance Methods. Pearson, J. Michael, and Hagmann, Constanza. Winter 1996, 52–58.
TQM and the Year 2000 Crisis. Ward, James A. Spring 1998, 60–63.
Using Groupware in Quality Management Programs. Kock, Nereu F. Jr., and McQueen, Robert J. Spring 1997, 56–62.

Quality Improvement
Barriers to Effective CIM Implementation. Attaran, Mohsen. Fall 1996, 52–56.
Creating a Balanced IS Measurement. Program. Edberg, Dana T. Spring 1997, 32–40.
Implementing Employee Empowerment. Ward, James A. Winter 1997, 62–65.
Making Customer Service a Priority. Murray, John P. Winter 1996, 7–11.
Measurement Management. Ward, James A. Winter 1996, 59–61.
Status Report on Quality Assurance Methods. Pearson, J. Michael, and Hagmann, Constannza. Winter 1996, 52–58.
A Systemic Approach to Change Management. Pollalis, Yannis A. Spring 1996, 19–25.
Total Quality Management: A GDSS Approach. Aiken, Milam, Hasan, Bassam, and Vanjani, Mahesh. Winter 1996, 73–75.

Reengineering
Enterprise Modeling for Strategic Support. Whitman, Michael E., and Gibson, Michael L. Spring 1996, 64–72.
The IT Imperative in Business Transformation. Murray, Richard J., and Trefts, Dorothy E., Winter 2000, 17–22.
Risk Management for Business Process Reengineering Projects. Kliem, Ralph L. Fall 2000, 71–73.
Reengineering Information Systems with XML. Chiu, Chao–Min. Fall 2000, 40–54.
Reengineering through Simulation Modeling: Optimizing a Telephone Ordering System at GPO. Giannini, Paul J., Grupe, Fritz H., and Saholsky, Robert M. Summer 1997, 61–66.
Reinventing Through Reengineering. Mische, Michael A., and Bennis, Warren. Summer 1996, 58–65.
Restructuring Internal Services. Piede, Duane L. Winter 1996, 12–17.

Request for Proposal
Saving Costs on Year 2000 Outsourcing Projects. Fowler, Donald R. Fall 1997, 66–69.
Outsourcing the Help Desk Function. Grupe, Fritz H. Spring 1997, 15–22.

Resource Management
Improving Legacy Systems Maintainability. Kim, Young-Gul. Winter 1997, 7–11.
Legacy Asset Management. Slee, Christopher, and Slovin, Malcolm. Winter 1997, 12–21.
An Object-Based Infrastructure for IRM. Huang, Adam S. and Krovi, Ravi. Spring 1998, 46–52.
Reevaluating Productivity Measures. Jurison, Jaak. Winter 1997, 30–34.

Resource Planning
Enterprise Client/Server Computing. Jeffrey, Brian. Fall 1996, 7–18.

Retooling
Retooling for Client/Server Applications. Rouse, Robert A. Fall 1996, 19–24.

Reusability
Achieving Reuse with OO Technology. Sánchez, Nancy G., and Choobineh, Joobin. Spring 1997, 48–55.

Rightsizing
Rightsizing for Client/Server Success. Hager, Pam. Winter 1996, 44–51.

Risk Management
Risk Management for Business Process Reengineering Projects. Kliem, Ralph L. Fall 2000, 71–73.
Risk Management Skills Needed in a Packaged Software Environment. Butler, Janet. Summer 1999, 15–20.
The Risk of Managing Outsourcing Agreements. Kliem, Ralph L. Summer 1999, 91–93.
Strategies for Heading Off IS Project Failure. Cule, Paul; Lyytinen, Kalle; and Keil, Mark. Spring 2000, 65–73.
A Tool for Managing Year 2000 Projects. Kliem, Ralph L. Spring 1999, 92–94.

Security and Control
Building a Solid Foundation for Intranet Security. Blackwell, Ed. Spring 1998.
Database Security for the Web. Maheshwari, Anil. Spring 1999, 85–88.
Ensuring Extranet Security and Performance. Maier, Phillip Q. Spring 2000, 33–40.
Is Electronic Commerce Ready for the Internet? Cooper, Larry K., Duncan, Dennis J., and Whetstone, John. Summer 1996, 25–36.

The Global Information Infrastructure. Gray, Paul. Summer 1996, 7–14.
Telework: Enabling Distributed Organizations. Nilles, Jack M. Fall 1997, 7–14.

Simulation
Topics Old and New. Gray, Paul. Fall 2000, 62–67.

Skill Sets
Corporate Hiring Criteria for IS Graduates. Young, Dale, and Lee, Sooun. Winter 1997, 47–53.
Developing a Personal Business Plan. Stokes, Stewart L., Spring 1997, 70–73.
Improving Communication with Nontechnicians. Stettner, Morey. Fall 1997, 70–72.
Outsourcing in Client/Server Environments. Gerston, Joel. Spring 1997, 74–77.
Outsourcing for New Technology Adoption. Yesulatitis, Joseph A. Spring 1997. 80–82.
Survival Skills for the IS Professional. Longenecker, Clinton O., Simonetti, Jack L., and Mulias, Mark. Spring 1996, 26–31.

Software
Client/Server Performance Engineering. Rabin, Steven. Fall 1996, 25–32.
Creating a Balanced IS Measurement. Program. Edberg, Dana T. Spring 1997, 32–40.
End-User Access Tools. van den Hoven, John. Spring 1996, 76–78.
Including Soft Information in EISs. Watson, Hugh J., O'Hara, Margaret T., Harp, Candice G., and Kelly, Gigi G. Summer 1996, 66–77.
Integrating into the Global Client/Server Network. Muller, Nathan J. Fall 1996, 66–68.
Saving Costs on Year 2000 Outsourcing Projects. Fowler, Donald R. Fall 1997, 66–69.
Systems Development: A Dying Discipline? Glass, Robert L. Winter 1997, 78–81.
Using CASE Tools in Strategic IS Planning. Lederer, Albert L., and Mahaney, Robert C. Fall 1996, 47–51.
Using Lotus Notes in EISs. Haley, Barbara J., and Watson, Hugh J. Winter 1996, 38–43.

Software Development
Achieving Reuse with OO Technology. Sánchez, Nancy G., and Choobineh, Joobin. Spring 1997, 48–55.
Creating an Environment for Project Success. Robert, Daniel W. Winter 1997, 73–77.
Decision Support in the Lending Industry. Plenert, Gerhard. Spring 1996, 58–63.
The Distributed Java Platform. Morgenthal, J. P. Winter 1998, 16–20.
Ethical Responsibility for Software Development. Sipior, Janice C. and Ward, Burke T. Spring 1998, 68–72.
The Ideal Method for Guiding ESS Development. Lu, Hsi-Peng and Wu, Cheng-Fen. Summer 1998, 56–65.
The IT Parable of the Silver Bullet. Murray, John P. Murray, Fall 2000, 68–70.
Legacy Asset Management. Slee, Christopher, and Slovin, Malcolm. Winter 1997, 12–21.
Meeting the Software Challenge: A Model for IS Transformation. AlBanna, Sami J. and Osterhaus, Joe. Winter 1998, 7–15.
Software Quality Management Strategies. Phan, Dien D. Spring 1998, 48–52.
Software and Sanity. Rostaing, Bjarne. Winter 1996, 79–81.
Systems Development: A Dying Discipline? Glass, Robert L. Winter 1997, 78–81.
User-Centered Design for Productive Systems. Kubie, James J., Melkus, L.A., Johnson, R.C., Jr., and Flanagan, G.A. Spring 1996, 38–48.

Software Engineering
Improving Legacy Systems Maintainability. Kim, Young-Gul. Winter 1997, 7–11.
Strategic Tips for CASE Implementation. Graham, Lou, and Eliot, Lance B. Spring 1996, 86–88.
User-Centered Design for Productive Systems. Kubie, James J., Melkus, L.A., Johnson, R.C., Jr., and Flanagan, G.A. Spring 1996, 38–48.

Software Maintenance
Improving Legacy Systems Maintainability. Kim, Young-Gul. Winter 1997, 7–11.

Staffing
Corporate Hiring Criteria for IS Graduates. Young, Dale, and Lee, Sooun. Winter 1997, 47–53.
Creating an Environment for Project Success. Robert, Daniel W. Winter 1997, 73–77.
A Demand Side Approach to Telecommuting: The Integrated Workplace Strategies Concept. Gray, Paul. Fall 1997, 21–28.
The Ethics of Telework. Guthrie, Ruth. Fall 1997, 29–32.
The Legacy Staffing Challenge. Mingus, Nancy Blumenstalk. Winter 1997, 22–25.
Outsourcing for New Technology Adoption. Yesulatitis, Joseph A. Spring 1997. 80–82.
Status Report on Women and Men in the IT Workplace. Igbaria, Magid; Parasuraman, Saroj; and Greenhaus, Jeffrey H. Summer 1997, 44–53.
Successfully Hiring and Retaining IT Personnel. Murray, John P. Spring 1999, 18–24.
Telecommuting: Issues for the IS Manager. Jacobs, Sheila M., and Van Sell, Mary. Winter 1996, 18–22.
The Telecommuting Paradox. Westfall, Ralph D. Fall 1997, 15–20.

Standards
An Approach for Establishing Enterprise Data Standards. Purba, Sanjiv. Fall 1998, 14–20.
Junk Computing: Is it Bad for an Organization? Guthrie, Ruth, and Gray, Paul. Winter 1996, 23–28.
Restructuring Internal Services. Piede, Duane L. Winter 1996, 12–17.
Telework: Enabling Distributed Organizations. Nilles, Jack M. Fall 1997, 7–14.

Strategic Management
Aligning Strategies, Process, and IT: A Case Study. Feurer, Rainer; Chaharbaghi Kazem; Weber, Michael; and Wargin, John. Winter 2000, 23–34.
Application Service Providers. Dewire, Dawna Travis. Fall 2000, 14–19.
A Balanced Approach to IT Transformation. Applegate, Paul D., and Zawacki, Robert A. Summer 1997, 16–22.
Bringing Decision Support to the Customer Level. Downing, Charles E., and Safizadeh, M. Hossein.

Summer 1997, 23–28.
Building an E-Business Strategy. Hackbarth, Gary and Kettinger, William J. Summer 2000, 79–93.
Creating an Effective Information Environment. Typanski, Robert E. Spring 1999, 32–40.
A Demand Side Approach to Telecommuting: The Integrated Workplace Strategies Concept. Gray, Paul. Fall 1997, 21–28.
Designing a Business-Justified Intranet Project. Ptak, Richard, L. Spring 1998, 13–19.
Developing a Global Information Vision. Christmann, Tim. Fall 1998, 46–54.
The End of the Outsourcing Era. Glass, Robert L. Spring 1996, 89–91.
ERP Packages: What's Next? Li, Conghua. Summer 1999, 31–35.
Integrating Knowledge Management into IS Strategy. King, William R. Fall 1999, 70–72.
Interview: Mary Boone on Building Strategic Partnerships. Terlaga, Ray, and O'Connor, Bridget N. Summer 1997, 92–96.
The IT Imperative in Business Transformation. Murray, Richard J., and Trefts, Dorothy E., Winter 2000, 17–22.
Managing for Flexibility. Prager, Kenneth P. Fall 1996, 41–46.
Managing Systems Development in the Era of Large Complex Systems. Ryan, Hugh W. Spring 1999, 89–91.
Outsourcing Basics. Jones, Wendell. Winter 1997, 66–69.
Partnering on Extranets for Strategic Advantage. Chan, Steven, and Davis, Tim R.V., Winter 2000, 58–64.
Partnering Roles of the IS Executive. Brown, Carol V., McLean, Ephraim R., and Straub, Detmar W. Spring 1996, 14–18.
Planning an IS Staffing Model. Gower, William. Spring 1998, 87–91.
Playing an Integral Role in Knowledge Management. King, William R. Fall 2000, 59–61.
Redefining Information Management. English, Larry P. Winter 1996, 65–67.
Structuring the Interaction Between IT and Business Units. Gordon, Judith R. and Gordon, Steven R. Winter 2000, 7–16.
Supply Chain Strategies. Ayers, Jim. Spring 1999, 72–79.
Turning E-Business Barriers into Strengths. Schuette, Dave. Fall, 20–25.
Using CASE Tools in Strategic IS Planning. Lederer, Albert L., and Mahaney, Robert C. Fall 1996, 47–51.
Using EISs for Environmental Scanning. Frolick, Mark N., Parzinger, Monica J., Rainer, R. Kelly Jr., and Ramarapu, Narender K. Winter 1997, 35–40.
Using JAD for Strategic Initiatives. Kettelhut, Michael C. Summer 1997, 29–36.

Strategic Planning

Achieving Global Strategic Advantage. King, William R. Fall 1996, 57–59.
Assessing the Efficacy of IS Strategic Planning. King, William, R. Winter 2000, 81–83.
A Business Case for Enhancing Supply Chains in the Metals Industry. Held, Paul and Kelton, Karl. Fall 1998, 72–76.
Competitive Implications of the Internet. Guthrie, Ruth A., and Austin, Lenard D. Summer 1996, 90–92.
A Demand Side Approach to Telecommuting: The Integrated Workplace Strategies Concept. Gray, Paul. Fall 1997, 21–28.
Developing Mature Internet Strategies. Angehrn, Albert A., and Meyer, Jens F. Summer 1997, 37–43.
Is Electronic Commerce Ready for the Internet? Cooper, Larry K., Duncan, Dennis J., and Whetstone, John. Summer 1996, 25–36.
Enterprise Modeling for Strategic Support. Whitman, Michael E., and Gibson, Michael L. Spring 1996, 64–72.
Establishing an IT Architecture Strategy. Hay, Gordon, and Muñoz, Rick. Summer 1997, 67–69.
Implementing Distributed Solutions: Which Strategy to Choose? Watad, Mahmoud M. and Herlihy, Michael. Winter 1999, 48–44
Information Infrastructure Management: A New Role for IS Managers. Tan, Djoen S., and Uijttenbroek, Aad A. Fall 1997, 33–41.
The Internet as a Global Strategic IS Tool. Prakash, Amarnath. Summer 1996, 45–49.
IS and the Learning Organization. King, William R. Summer 1996, 78–80.
IT Power and the Postemptive Strike. Cyr, David; Gehling, Leah; and Gibson, Michael L. Summer 1997, 7–15.
The Multiple Dimensions of Information Quality. Miller, Holmes. Spring 1996, 79–82.
Organizational Transformation. King, William R. Spring 1997. 63–65.
Reinventing Through Reengineering. Mische, Michael A., and Bennis, Warren. Summer 1996, 58–65.
Restructuring Internal Services. Piede, Duane L. Winter 1996, 12–17.
Rethinking Strategic Information Systems. Maier, J. Lee. Fall 1997, 42–47.
A Strategic Approach to IT Investments. Dué, Richard T. Summer 1997, 73–76.
Strategic Implications of Electronic Linkages. Young, D. Carr, H. H., and Rainer R. K., Jr. Winter 1999, 32–39.
Strategic Issues in Groupware. King, William R. Spring 1996, 73–75.
Strategic Systems Success. King, William R. Fall 1997, 57–59.
A Systemic Approach to Change Management. Pollalis, Yannis A. Spring 1996, 19–25.
Using CASE Tools in Strategic IS Planning. Lederer, Albert L., and Mahaney, Robert C. Fall 1996, 47–51.

Strategic Systems

Capitalizing on Electronic Markets. Senn, James A. Summer 1996, 15–24.
Competitive Implications of the Internet. Guthrie, Ruth A., and Austin, Lenard D. Summer 1996, 90–92.
Data Mining: Exploring the Corporate Asset. Weir, Jason. Fall 1998, 68–71.
Including Soft Information in EISs. Watson, Hugh J., O'Hara, Margaret T., Harp, Candice G., and Kelly, Gigi G. Summer 1996, 66–77.
The Internet as a Global Strategic IS Tool. Prakash, Amarnath. Summer 1996, 45–49.

Leveraging the Potential of Strategic Systems. Prakash, Amarnath, C. Winter 1998, 58–63.
Rethinking Strategic Information Systems. Maier, J. Lee. Fall 1997, 42–47.
Strategic Systems Success. King, William R. Fall 1997, 57–59.
Using EISs for Environmental Scanning. Frolick, Mark N., Parzinger, Monica J., Rainer, R. Kelly Jr., and Ramarapu, Narender K. Winter 1997, 35–40.

Structuralization
The Role of Organizational Reality in Implementing Technology. Mahenthiran, S., D'Itri, M. P., and Donn, R. E. Spring 1999, 46–57.

Supply Chain
Business-to-Business E-Commerce. Senn, James A. Spring 2000, 23–32.
Interorganization Systems and Supply Chain Management: an Information Processing Perspective. Premkumar, G. Prem. Summer 2000, 56–70.
Supply Chain Strategies. Ayers, Jim. Spring 1999, 72–79.

Systems Administration
The Management Service Provider Option. Butler, Janet. Fall 2000, 8–13.

Systems Analysis
The Analysts' View of Complex Systems Projects. Butterfield, Jeff. Winter 1998, 34–40.
Analyzing Agents for Electronic Commerce. Wang, Shou Hong. Winter 1999, 40–47.
An Approach for Developing Flexible MRP Systems. Mustafa, Yousif and Mejabi, O. Spring 1999, 58–63.

Systems Architecture
Designing and Managing Client/Server DBMSs. Rajkumar, T.M. and Dawley, Donald L. Spring 1996, 49–57.
Ensuring Extranet Security and Performance. Maier, Phillip Q. Spring 2000, 33–40.
Using Lotus Notes in EISs. Haley, Barbara J. and Watson, Hugh J. Winter 1996, 38–43.
A Web/Business Intelligence Solution. Weir, Jason. Winter 2000, 41–46.

Systems Design
Bringing Decision Support to the Customer Level. Downing, Charles E., and Safizadeh, M. Hossein. Summer 1997, 23–28.
Reengineering through Simulation Modeling: Optimizing a Telephone Ordering System at GPO. Giannini, Paul J., Grupe, Fritz H., and Saholsky, Robert M. Summer 1997, 61–66.
Repositioning HR Information Systems. Sobkowiak, Roger T., and LeBleu, Ronald E. Winter 1996, 62–64.

Systems Development
Building a Large Expert System. Grupe, Fritz H. Fall 1996, 33–40.
Choosing a Client/Server Architecture. Gallaugher, John M. and Ramanathan, Suresh C. Spring 1996, 7–13.
Competency-Based Succession Planning. Nardoni, Ren. Fall 1997, 60–62.
Database Development Methodology and Organization. Purba, Sanjiv. Winter 1999, 72–77.
Decision Support in the Lending Industry. Plenert, Gerhard. Spring 1996, 58–63.
Developing Electronic Commerce Web Sites for the Visually Impaired. Rogers, Mark and Rajkumar, T.M. Winter 1999, 15–25.
The Duality of Microsoft's Position on Linux. Bolzern, Marc. Summer 2000, 94–96.
The Economics of Component-Based Development. Dué, Richard T. Winter 2000, 92–95.
Have We Forgotten the Fundamental IT Enable: Ease of Use. Kanter, Jerry. Summer 2000, 70–77.
IT Power and the Postemptive Strike. Cyr, David, Gehling, Leah, and Gibson, Michael L. Summer 1997, 7–15.
Legacy for the Long Haul. Ryan, Hugh W. Winter 1997, 60–61.
Linux: Alternative Directions in Computing. Simonyi, Michael. Spring 2000, 74–79.
Making Customer Service a Priority. Murray, John P. Winter 1996, 7–11.
Managing the Decentralized IT Organization. Birge, Eileen M. Summer 1997, 77–81.
Managing Systems Development in the Era of Large Complex Systems. Ryan, Hugh W. Spring 1999, 89–91.
Politics of Implementing EISs. Overton, Keith, Frolick, Mark N., and Wilkes, Ronald B. Summer 1996, 50–57.
Reengineering through Simulation Modeling: Optimizing a Telephone Ordering System at GPO. Giannini, Paul J., Grupe, Fritz H., and Saholsky, Robert M. Summer 1997, 61–66.
Repositioning HR Information Systems. Sobkowiak, Roger T., and LeBleu, Ronald E. Winter 1996, 62–64.
Rethinking Strategic Information Systems. Maier, J. Lee. Fall 1997, 42–47.
Strategic Systems Success. King, William R. Fall 1997, 57–59.
Strategic Tips for CASE Implementation. Graham, Lou, and Eliot, Lance B. Spring 1996, 86–88.
Strategies for Heading Off IS Project Failure. Cule, Paul, Lyytinen, Kalle, and Keil, Mark. Spring 2000, 65–73.
Systems Development: A Dying Discipline? Glass, Robert L. Winter 1997, 78–81.
User-Centered Design for Productive Systems. Kubie, James J., Melkus, L.A., Johnson, R.C., Jr., and Flanagan, G.A. Spring 1996, 38–48.
Using JAD for Strategic Initiatives. Kettelhut, Michael C. Summer 1997, 29–36.
Using Lotus Notes in EISs. Haley, Barbara J. and Watson, Hugh J. Winter 1996, 38–43.

Systems Maintenance
Improving Legacy Systems Maintainability. Kim, Young-Gul. Winter 1997, 7–11.
Legacy for the Long Haul. Ryan, Hugh W. Winter 1997, 60–61.
Legacy Asset Management. Slee, Christopher and Slovin, Malcolm. Winter 1997, 12–21.
The Legacy Staffing Challenge. Mingus, Nancy Blumenstalk. Winter 1997, 22–25.

Systems Management
Integrating Core IT Process: A Case Study. Purvis, Russell L. and McCray, Gordon E. Summer 1999, 36–46.
Risk Management Skills Needed in a Packaged Software Environment. Butler, Janet. Summer 1999, 15–20.

Teams
Achieving Reuse with OO Technology. Sánchez, Nancy G. and Choobineh, Joobin. Spring 1997, 48–55.
Building a Large Expert System. Grupe, Fritz H. Fall 1996, 33–40.
Creating an Environment for Project Success. Robert, Daniel W. Winter 1997, 73–77.
Implementing Employee Empowerment. Ward, James A. Winter 1997, 62–65.
Outsourcing Basics. Jones, Wendell. Winter 1997, 66–69.
Team Building for IS Success. Nath, Raghu and Lederer, Albert L. Spring 1996, 32–37.
Total Quality Management: A GDSS Approach. Aiken, Milam, Hasan, Bassam, and Vanjani, Mahesh. Winter 1996, 73–75.

Technology Adoption
Automatic Speech Recognition: An Emerging Interface for Multimedia Applications. Fried, Louis. Winter 1996, 29–37.
A Balanced Approach to IT Transformation. Applegate, Paul D. and Zawacki, Robert A. Summer 1997, 16–22.
Barriers to Effective CIM Implementation. Attaran, Mohsen. Fall 1996, 52–56.
Building a Large Expert System. Grupe, Fritz H. Fall 1996, 33–40.
Choosing a Client/Server Architecture. Gallaugher, John M. and Ramanathan, Suresh C. Spring 1996, 7–13.
Creating a Paperless Workflow. Fox, Karen C. and Frolick, Mark N. Spring 1999, 41– 45.
Critical Issues Affecting an ERP Implementation. Bingi P., Sharma M. K., and Godla, J. K. Summer 1999, 7–14.
Groupware in Practice. Downing, Charles E. and Clark, Andrew S. Spring 1999, 25–31.
Is Electronic Commerce Ready for the Internet? Cooper, Larry K., Duncan, Dennis J., and Whetstone, John. Summer 1996, 25–36.
Including Soft Information in EISs. Watson, Hugh J., O'Hara, Margaret T., Harp, Candice G., and Kelly, Gigi G. Summer 1996, 66–77.
Introducing an Intranet into an Organization: An Integrated Model. Bidgoli, Hossein. Summer 1999, 78–87.
IT Power and the Postemptive Strike. Cyr, David, Gehling, Leah, and Gibson, Michael L. Summer 1997, 7–15.
Managing the IT Procurement Process. Heckman, Robert. Winter 1999, 61–70.
Meeting the Software Challenge: A Model for IS Transformation. AlBanna, Sami J. and Osterhaus, Joe. Winter 1998, 7–15.
Outsourcing for New Technology Adoption. Yesulatitis, Joseph A. Spring 1997. 80–82.
Planning Technology Transitions. Muller, Nathan J. Summer 1997, 70–72.
Retooling for Client/Server Applications. Rouse, Robert A. Fall 1996, 19–24.
Rightsizing for Client/Server Success. Hager, Pam. Winter 1996, 44–51.
The Role of Organizational Reality in Implementing Technology. Mahenthiran, S., D'Itri, M. P., and Donn, R. E. Spring 1999, 46–57.
Strategic Issues in Groupware. King, William R. Spring 1996, 73–75.
Toward the New Age Data Warehouse. Prince, E. Ted. Fall 1996, 63–65.

Technology Outlook
Automatic Speech Recognition: An Emerging Interface for Multimedia Applications. Fried, Louis. Winter 1996, 29–37.
ERP Packages: What's Next? Li, Conghua. Summer 1999, 31–35.
Key Trends for the New Millennium. Van den Hoven, John. Summer 1999, 88–90.
Key Trends in Database Management Systems—Part 2. Van den Hoven, John. Winter 2000, 89–91.
Road Map to the E-Revolution. Kampas, Paul J. Spring 2000, 8–22.

Telecommunications
The Communications Decency Act: An Update for IS Management. Whitman, Michael E., Townsend, Anthony M. and Aalberts, Robert J. Winter 1999, 91–94.
A Look at the Telecommunications Act of 1996. Whitman, Michael E. Summer 1997, 82–86.
Successful ATM Network Implementations. McBrayer, Patrick. Winter 1998, 67–70.

Telecommuting
A Demand Side Approach to Telecommuting: The Integrated Workplace Strategies Concept. Gray, Paul. Fall 1997, 21–28.
The Ethics of Telework. Guthrie, Ruth. Fall 1997, 29–32.
Telecommuting: Issues for the IS Manager. Jacobs, Sheila M. and Van Sell, Mary. Winter 1996, 18–22.
The Telecommuting Paradox. Westfall, Ralph D. Fall 1997, 15–20.
Telecommuting: A Transportation Planner's View. Seaman, Michael J. Fall 1997, 73–75.
Telework: Enabling Distributed Organizations. Nilles, Jack M. Fall 1997, 7–14.

Tools
Project Assessment: A Tool for Improving Project Management. Purvis, Russell L. and McCray, Gordon E. Winter 1999, 55–60.
Strategic Tips for CASE Implementation. Graham, Lou, and Eliot, Lance B. Spring 1996, 86–88.

Training
Empowering End Users through Online Training. Huang, Albert. Spring 1998, 83–86.
Implementing Employee Empowerment. Ward, James A. Winter 1997, 62–65.
IT Education Success Strategies for Change Management. Ball, Leslie D. Fall 2000, 77–77.
Resurrecting IS Talent. McKee, David. Summer 1996, 87–89.

ST. JOHN FISHER COLLEGE LIBRARY

Retooling for Client/Server Applications. Rouse, Robert A. Fall 1996, 19–24.
Status Report on Quality Assurance Methods. Pearson, J. Michael and Hagmann, Constannza. Winter 1996, 52–58.
Survival Skills for the IS Professional. Longenecker, Clinton O., Simonetti, Jack L., and Mulias, Mark. Spring 1996, 26–31.
Team Building for IS Success. Nath, Raghu, and Lederer, Albert L. Spring 1996, 32–37.
Telework: Enabling Distributed Organizations. Nilles, Jack M. Fall 1997, 7–14.
Web-Based Learning: The Anytime Anywhere Classroom. Boisvert, Lisa. Winter 2000, 35–40.

Usability
Have We Forgotten the Fundamental IT Enable: Ease of Use. Kanter, Jerry. Summer 2000, 70–77.

User Groups
Gaining User Acceptance of an EIS. Walstrom, Kent A., and Wilson, Rick L. Winter 1997, 54–59.
Survey of DBMS Use and Satisfaction. Fadlalla, Adam and Gorla, Narasimhaiah. Spring 1997, 78–79.
Why Chargebacks Fail. Meyer, N. Dean. Summer 1996, 84–86.

User Interface
Automatic Speech Recognition: An Emerging Interface for Multimedia Applications. Fried, Louis. Winter 1996, 29–37.
Have We Forgotten the Fundamental IT Enable: Ease of Use. Kanter, Jerry. Summer 2000, 70–77.
Team Building for IS Success. Nath, Raghu, and Lederer, Albert L. Spring 1996, 32–37.

User Requirements
Achieving Quality Outsourcing. Perry, William, and Devinney, Steve. Spring 1997, 23–26.
Creating a Learning Project Environment. Deane, Richard H., Clark, Thomas B., and Young, A.P. (Dennis). Summer 1997, 54–60.
Decision Support in the Lending Industry. Plenert, Gerhard. Spring 1996, 58–63.
Making Customer Service a Priority. Murray, John P. Winter 1996, 7–11.
Outsourcing the Help Desk Function. Grupe, Fritz H. Spring 1997, 15–22.
Software and Sanity. Rostaing, Bjarne. Winter 1996, 79–81.
User-Centered Design for Productive Systems. Kubie, James J., Melkus, L.A., Johnson, R.C., Jr., and Flanagan, G.A. Spring 1996, 38–48.
Using JAD for Strategic Initiatives. Kettelhut, Michael C. Summer 1997, 29–36.

User Support
Empowering End Users through Online Training. Huang, Albert. Spring 1998, 83–86.
Expanding the Help Desk Through the World Wide Web. Muller, Nathan J. Summer 1996, 37–44.
Internet Acceptable Usage Policies. Gaskin, James E. Spring 1998, 20–25.
Making Customer Service a Priority. Murray, John P. Winter 1996, 7–11.
Managing End-User Challenges. Shore, Barry. Winter 1998, 79–83.
Planning Technology Transitions. Muller, Nathan J. Summer 1997, 70–72.
Telework: Enabling Distributed Organizations. Nilles, Jack M. Fall 1997, 7–14.

Vendor Management
Achieving Quality Outsourcing. Perry, William, and Devinney, Steve. Spring 1997, 23–26.
Converging on the Customer. Ryan, Hugh W. Summer 1996, 81–83.
Outsourcing Basics. Jones, Wendell. Winter 1997, 66–69.
Outsourcing in Client/Server Environments. Gerston, Joel. Spring 1997, 74–77.
Outsourcing the Help Desk Function. Grupe, Fritz H. Spring 1997, 15–22.
An Outsourcing Parable. Tayntor, Christine B. Spring 1997, 66–69.
Selecting an EDI Third Party Network. Esichaikul, Vatcharaporn and Chaichotiranant, Chatiya. Winter 1999, 26–31.

Voice Technology
Automatic Speech Recognition: An Emerging Interface for Multimedia Applications. Fried, Louis. Winter 1996, 29–37.

Workflow
Creating a Paperless Workflow. Fox, Karen C. and Frolick, Mark N. Spring 1999, 41–45.

World Wide Web
The Advent of Visual Data Mining on the World Wide Web. Jern, Mikael. Summer 1998, 66–69.
Developing Electronic Commerce Web Sites for the Visually Impaired. Rogers, Mark and Rajkumar, T.M. Winter 1999, 15–25.
Expanding the Help Desk Through the World Wide Web. Muller, Nathan J. Summer 1996, 37–44.
Integrating into the Global Client/Server Network. Muller, Nathan J. Fall 1996, 66–68.
Planning for Internet Security. Garfield, Monica J., and McKeown, Patrick G. Winter 1997, 41–46.
Web-Based Learning: The Anytime Anywhere Classroom. Boisvert, Lisa. Winter 2000, 35–40.
Web-Based Data Warehousing: Fundamentals, Challenges, and Solutions. Chen, Lei-da; and Frolick, Mark N. Spring 2000, 80–86.
A Web/Business Intelligence Solution. Weir, Jason. Winter 2000, 41–46.

XML, see Extensible Markup Language

Year 2000
Saving Costs on Year 2000 Outsourcing Projects. Fowler, Donald R. Fall 1997, 66–69.
A Strategic Approach to IT Investments. Dué, Richard T. Summer 1997, 73–76.
A Tool for Managing Year 2000 Projects. Kliem, Ralph L. Spring 1999, 92–94.
TQM and the Year 2000 Crisis. Ward, James A. Spring 1998, 60–63.
The Y2K Boon to IS and Business. Gordon, Lawrence A. and Loeb, Martin P. Summer 1999, 57–62.
